

# BRAINERD DAILY DISPATCH.

VOLUME 1, NO. 11.

BRAINERD, MINN., FRIDAY, JUNE 14, 1901.

PRICE TWO CENTS.

## A LYNCHING IS FEARED

DOZEN OR MORE NEGROES IN  
CUSTODY AT SHREVE-  
PORT, LA.

## IMPLICATED IN A MURDER

Held for Complicity in the Killing of  
a Prominent Planter—Was Trying  
to Settle a Dispute Between the  
Overseers and Hands—Man Who  
Fired the Shot Tracked by Blood-  
hounds.

Shreveport, La., June 14.—This city  
and vicinity has been in a state of  
feverish excitement and unrest since  
John Gray Foster, a prominent planter,  
was shot and killed by Prince Ed-  
wards, a negro employed on the Fos-  
ter plantation, five miles east of this  
city. Armed posses of white men have

been scouring the country for miles  
around in an attempt to capture Ed-  
wards. A dozen or more negroes who  
are under arrest have been confined in  
Kennebush's store and what fate may  
have in store for them is uncertain.  
Foster was widely known and very  
popular. He was a brother-in-law of  
Governor McMillan of Tennessee and  
belonged to one of the oldest families  
in this state.

There had been bad feeling for  
some time past between the negroes  
and overseers on the Foster planta-  
tion and Foster was appealed to to  
settle the differences. The planter  
started to see the negroes and upon  
reaching a negro cabin he was fired  
upon and killed. There were a dozen  
or more negroes in the cabin and they  
broke and ran in all directions. The  
overseers were quickly joined by  
other men and it was not long before  
all the negroes were arrested except  
Prince Edwards, who did the shoot-  
ing. Posses were quickly formed and  
started on a hunt for the negro, but  
as yet have made no further arrests.

Shortly after midnight the guards  
started for Benton with their prison-  
ers. They hope to make the place by  
daylight and thus prevent a possible

lynching. There is a fear, however,  
that a mob will waylay the guards and  
take forcible possession of the ne-  
groes.  
Edwards, if caught, will be burned  
or lynched.

## BIG COAL TRUST.

One to Comprise the Entire Country  
Being Promoted.

Chicago, June 14.—Chicago capital-  
ists are behind a movement for the  
consolidation of all the coal mining  
companies of Indiana. Options on a  
score of Indiana mines owned by Chi-  
cago firms were secured by John S.  
Bays of Stillman, Ind., and the com-  
bination, which is to have a capital of  
\$15,000,000, will be formally launched  
in a few days. The Chronicle says:

"The consolidation of the Indiana  
mines is but the forerunner of a great-  
er coal trust that is to embrace prac-  
tically all of the coal producing states.  
As soon as the Indiana combination is  
effected an organization of the Illinois  
mines will be formed. Combinations  
among the mine owners of Kentucky,  
Pennsylvania and Ohio, which have  
existed for some time, will be con-  
solidated with the Indiana and Illi-

nois combinations with a capitaliza-  
tion of \$300,000,000."

In addition to bringing into the con-  
solidation all of the operating coal  
mines the promoters are taking steps  
to lease all of the coal lands in the  
state to prevent their being opened up  
by competitive capital.

## TRIED TO STAB THE JUDGE.

Sensational Scene in the County Court  
at Chatham, Ont.

Chatham, Ont., June 14.—Andrew  
Epperson, who had been found guilty  
by a jury of a charge of stabbing his  
paramour, Ida Allison, made an at-  
tempt to kill Judge Bell in the county  
court here. During the preliminaries  
before proceeding with the next case  
after Epperson had been remanded  
for sentence Epperson made a dash  
from the prisoners' dock towards  
Judge Bell, in front of whom were  
lying the razor and knives used as  
exhibits in the case. Epperson  
grabbed the razor and rushed at the  
judge. Court attendants stopped him  
and he was overpowered only after a  
hard fight.

## HOFFMAN'S Special Sale of Bicycles for this Week.

When you inquire at our store for these wheels please mention this ad-  
vertisement.

One Gent's Jay Bird Bicycle, (New.)	\$15.00

One Gents' Bicycle, Slightly Used but Good as New, cost \$65	16.00
One Gents' Second Hand Wheel	12.00
One Gents' Second Hand Wheel	10.00

## CLERGYMEN MUST PAY.

Will Be Assessed Twenty-five Cents  
for Half Fare Permits.

Chicago, June 14.—After July 1 all  
clergymen east of the Mississippi river  
and west of Pittsburg and Buffalo  
must pay 25 cents for permits to buy  
railroad tickets at half fare. This  
was agreed upon by general passen-  
ger agents of all the roads in the terri-  
tory named at a meeting here during  
the day.

To obtain clergy half fare permits  
it has been customary for clergymen  
to fill out prescribed forms and file  
them with agents of the transporta-  
tion companies. On this credential  
the reduced rate tickets were sold.  
There has never been any charge for  
these permits authorizing representa-  
tives of the railroads to sell the tick-  
ets, though there has always been a  
fee of \$1 for the annual book permits  
furnished preachers.

The new rule places the same re-  
strictions about the trip credential  
as has surrounded the annual permit.  
It was found that when clergymen  
were not charged for the trip permits  
they used them exclusively and re-  
fused to pay the railroads \$1 for the  
annual book credential. The new ar-  
rangement is an effort to induce  
preachers and others entitled to re-  
duced rates courtesy to buy the year-  
ly books, which means a big profit to  
the lines in the association.

## A STEADY IMPROVEMENT.

All Reports From Mrs. McKinley's  
Sick Room Are Encouraging.

Washington, June 14.—All the re-  
ports from Mrs. McKinley's sick room  
are encouraging and plans are making  
for her removal to Canton as soon as  
she is in a condition that will safely  
warrant it. When that will be is still  
problematic. No other plans are  
in contemplation. Great care is taken  
to guard Mrs. McKinley from over-  
taxing her very limited strength. She  
experiences no discomfort from the  
heat and the complaints causing the  
greatest apprehension continue to  
yield slowly to treatment.

Dr. Rixey remained at the White  
House considerably over two hours.  
On leaving he said:

"Mrs. McKinley is maintaining a  
steady improvement. She passed a  
comfortable day and is resting very  
well. She sat up for a while in a  
rolling chair."

## BREAK IN THE RANKS.

Chicago Manufacturers Grant De-  
mands of Striking Machinists.

Chicago, June 14.—A break occurred  
during the day in the ranks of the  
Chicago machinery manufacturers,  
whose employees are on strike. Six  
firms, employing 135 men, reached a  
settlement with their striking ma-  
chinists and the men return to work  
under an agreement securing to them  
the 9-hour day and an increase in  
wages acceptable to the union.

## Yellow Fever in Costa Rica.

Washington, June 14.—A report  
from Marine Hospital Surgeon Good-  
man at Port Limon, Costa Rica, an-  
nounces that no passengers are now  
being taken by the fruit company's  
steamer for Southern ports of the  
United States. An official report to  
the Costa Rican national authorities  
tells of the prevalence of yellow fever  
at Liberia, a city of 6,000 inhabitants  
in the "hot lands" of the Pacific coast  
province of Guana Caste, Costa Rica.  
Communication between Liberia and  
San Jose, the western terminus of the  
railroad from Port Limon, is difficult.

## TWO FIREMEN KILLED.

Fatal Head-End Collision on the Santa  
Fe Road.

Los Angeles, Cal., June 14.—Two  
are dead and four injured as the re-  
sult of a head-end collision on the  
Santa Fe six miles east of Williams,  
A. T. The dead are Lee Perkins of  
Williams and Jim Monahan of Wins-  
low, both firemen.

The passenger train was going east  
at a lively rate when it crashed into  
a double-header freight, westbound.  
The leading engine of the freight was  
badly wrecked. The cab was torn  
completely away, although the en-  
gineer was unhurt. Monahan's body has  
not been recovered from the debris.

## Condition of Cavite Prison.

Washington, June 14.—Colonel  
Cochrane, United States marine corps,  
in his capacity as inspector of the  
naval station at Cavite, reports to the  
navy department under the date of  
May 1 that during the preceding  
month the condition of the naval  
prison there was further improved and  
that the health of the prisoners con-  
tinues remarkable. There was not  
one case of illness in April.

## JUBILEE DAY.

Picturesque and Novel Sessions at the  
Y. M. C. A. Convention.

Boston, June 14.—Jubilee day, as  
the day was designated by the inter-  
national jubilee convention of the Y.  
M. C. A., was brimful of interest and  
the morning session in Mechanics  
hall was in a large degree picturesque  
and novel. James Stokes of New York  
presided, with Christian Philidias of  
Switzerland acting as master of cere-  
monies. A striking figure was Nicholas  
W. Vassilief, a delegate from Russia,  
gowned in the deep crimson silk of  
his office.

A special jubilee service was held  
in the Old South Meeting House, in  
the chapel of which the first Y. M. C.  
A. in the United States was organized  
50 years ago, at which a commemora-  
tive tablet was unveiled.

A reception of more than 600 dele-  
gates by Governor Crane at the state  
house and a special service at Faneuil  
hall served to fill out the day.

## AUGUSTA SYNOD MEETS.

Annual Convention of Swedish Lu-  
therans at Jamestown, N. Y.

Jamestown, N. Y., June 14.—The  
most important gathering in the his-  
tory of the Swedish Lutheran church  
of America convened in this city dur-  
ing the evening. It is the annual  
convention of the Augusta synod of that  
denomination, which embraces all  
Swedish Lutheran churches of the  
United States. About 500 delegates  
are in attendance.

Matters of church policy are to be  
considered during the session, impor-  
tant among which is that of the rela-  
tion of the church toward secret so-  
cieties. A large number of delegates  
from the Northwest and Pacific coast  
are present. The opening session was  
presided over by Rev. Dr. Norellus of  
Vasa, Minn. The sessions of the  
synod are all conducted in the Swed-  
ish language. The convention will  
last about eight days.

## Epidemic of Black Smallpox.

Wichita, Kan., June 14.—A dispatch  
received from El Reno, O. T., states  
that Dr. White has returned from the  
Kiowa and Apache country, where he  
had been to investigate smallpox ru-  
mors and reports that an epidemic of  
black smallpox, fatal in nearly every  
instance, is raging among the Indians.  
This is the country soon to be opened  
for settlement.

## DON'T BUY A THING

Until You Call at the

## LION CLOTHING STORE!

We prefer to let our merchandise do the loudest talking for us. It can do it so much more  
effectively than anything we can say in print if you will give it a chance. We have no left over

## LION CLOTHING COMPANY,

5th Street.

Two Doors South of Stratton Hotel.

# BRAINERD DAILY DISPATCH.

VOLUME 1, NO. 11.

BRAINERD, MINN., FRIDAY, JUNE 14, 1901.

PRICE TWO CENTS.

## A LYNCHING IS FEARED

DOZEN OR MORE NEGROES IN  
CUSTODY AT SHREVE-  
PORT, LA.

## IMPLICATED IN A MURDER

Held for Complicity in the Killing of  
a Prominent Planter—Was Trying  
to Settle a Dispute Between the  
Overseers and Hands—Man Who  
Fired the Shot Tracked by Blood-  
hounds.

Shreveport, La., June 14.—This city  
and vicinity has been in a state of  
reverish excitement and unrest since  
John Gray Foster, a prominent plan-  
ter, was shot and killed by Prince Ed-  
wards, a negro employed on the Fos-  
ter plantation, five miles east of this  
city. Armed posses of white men have

been scouring the country for miles  
around in an attempt to capture Ed-  
wards. A dozen or more negroes who  
are under arrest have been confined in  
Kennebaws' store and what fate may  
have in store for them is uncertain.  
Foster was widely known and very  
popular. He was a brother-in-law of  
Governor McMillan of Tennessee and  
belonged to one of the oldest families  
in this state.

There had been bad feeling for  
some time past between the negroes  
and overseers on the Foster planta-  
tion and Foster was appealed to to  
settle the differences. The planter  
started to see the negroes and upon  
reaching a negro cabin he was fired  
upon and killed. There were a dozen  
or more negroes in the cabin and they  
broke and ran in all directions. The  
overseers were quickly joined by  
other men and it was not long be-  
fore all the negroes were arrested except  
Prince Edwards, who did the shoot-  
ing. Posses were quickly formed and  
started on a hunt for the negro, but  
as yet have made no further arrests.

Shortly after midnight the guards  
started for Benton with their prison-  
ers. They hope to make the place by  
daylight and thus prevent a possible

lynching. There is a fear, however,  
that a mob will waylay the guards and  
take forcible possession of the ne-  
groes.

Edwards, if caught, will be burned  
or lynched.

## BIG COAL TRUST.

One to Comprise the Entire Country  
Being Promoted.

Chicago, June 14.—Chicago capital-  
ists are behind a movement for the  
consolidation of all the coal mining  
companies of Indiana. Options on a  
score of Indiana mines owned by Chi-  
cago firms were secured by John S.  
Bays of Sullivan, Ind., and the com-  
bine, which is to have a capital of  
\$15,000,000, will be formally launched  
in a few days. The Chronicle says:

"The consolidation of the Indiana  
mines is but the forerunner of a great-  
er coal trust that is to embrace prac-  
tically all of the coal producing states.  
As soon as the Indiana combination is  
effected an organization of the Illinois  
mines will be formed. Combinations  
among the mine owners of Kentucky,  
Pennsylvania and Ohio, which have  
existed for some time, will be con-  
solidated with the Indiana and Illi-

nois combinations with a capitaliza-  
tion of \$300,000,000."

In addition to bringing into the con-  
solidation all of the operating coal  
mines the promoters are taking steps  
to lease all of the coal lands in the  
state to prevent their being opened up  
by competitive capital.

## TRIED TO STAB THE JUDGE.

Sensational Scene in the County Court  
at Chatham, Ont.

Chatham, Ont., June 14.—Andrew  
Epperson, who had been found guilty  
by a jury of a charge of stabbing his  
paramour, Ida Allison, made an at-  
tempt to kill Judge Bell in the county  
court here. During the preliminaries  
before proceeding with the next case  
after Epperson had been remanded  
for sentence Epperson made a dash  
from the prisoners' dock towards  
Judge Bell, in front of whom were  
lying the razor and knives used as  
exhibits in the case. Epperson  
grabbed the razor and rushed at the  
judge. Court attendants stopped him  
and he was overpowered only after a  
hard fight.

## CLERGYMEN MUST PAY.

Will Be Assessed Twenty-five Cents  
for Half Fare Permits.

Chicago, June 14.—After July 1 all  
clergymen east of the Mississippi river  
and west of Pittsburg and Buffalo  
must pay 25 cents for permits to buy  
railroad tickets at half fare. This  
was agreed upon by general passen-  
ger agents of all the roads in the terri-  
tory named at a meeting here during  
the day.

To obtain clergy half fare permits  
it has been customary for clergymen  
to fill out prescribed forms and file  
them with agents of the transporta-  
tion companies. On this credential  
the reduced rate tickets were sold.  
There has never been any charge for  
these permits authorizing representa-  
tives of the railways to sell the tick-  
ets, though there has always been a  
fee of \$1 for the annual book permits  
furnished preachers.

The new rule places the same re-  
strictions about the trip creden-  
tial as has surrounded the annual permit.  
It was found that when clergymen  
were not charged for the trip permits  
they used them exclusively and re-  
fused to pay the railroads \$1 for the  
annual book credential. The new ar-  
rangement is an effort to induce  
preachers and others entitled to re-  
duced rates courtesy to buy the year-  
ly books, which means a big profit to  
the lines in the association.

## A STEADY IMPROVEMENT.

All Reports From Mrs. McKinley's  
Sick Room Are Encouraging.

Washington, June 14.—All the re-  
ports from Mrs. McKinley's sick room  
are encouraging and plans are making  
for her removal to Canton as soon as  
she is in a condition that will safely  
warrant it. When that will be is still  
problematical. No other plans are  
in contemplation. Great care is taken  
to guard Mrs. McKinley from over-  
taxing her very limited strength. She  
experiences no discomfort from the  
heat and the complaints causing the  
greatest apprehension continue to  
yield slowly to treatment.

Dr. Rixey remained at the White  
House considerably over two hours.  
On leaving he said:

"Mrs. McKinley is maintaining a  
steady improvement. She passed a  
comfortable day and is resting very  
well. She sat up for a while in a  
rolling chair."

## BREAK IN THE RANKS.

Chicago Manufacturers Grant De-  
mands of Striking Machinists.

Chicago, June 14.—A break occurred  
during the day in the ranks of the  
Chicago machinery manufacturers,  
whose employees are on strike. Six  
firms, employing 135 men, reached a  
settlement with their striking ma-  
chinists and the men return to work  
under an agreement securing to them  
the 9-hour day and an increase in  
wages acceptable to the union.

## Yellow Fever in Costa Rica.

Washington, June 14.—A report  
from Marine Hospital Surgeon Good-  
man at Port Limon, Costa Rica, an-  
nounces that no passengers are now  
being taken by the fruit company's  
steamer for Southern ports of the  
United States. An official report to  
the Costa Rican national authorities  
tells of the prevalence of yellow fever  
at Liberia, a city of 6,000 inhabitants  
in the "hot lands" of the Pacific coast  
province of Guana Caste, Costa Rica.  
Communication between Liberia and  
San Jose, the western terminus of the  
railroad from Port Limon, is difficult.

## TWO FIREMEN KILLED.

Fatal Head-End Collision on the Santa  
Fe Road.

Los Angeles, Cal., June 14.—Two  
are dead and four injured as the re-  
sult of a head-end collision on the  
Santa Fe six miles east of Williams,  
A. T. The dead are Lee Perkins of  
Williams and Jim Monahan of Wins-  
low, both firemen.

The passenger train was going east  
at a lively rate when it crashed into  
a double-header freight, westbound.  
The leading engine of the freight was  
badly wrecked. The cab was torn  
completely away, although the engi-  
neer was unhurt. Monahan's body has  
not been recovered from the debris.

## Condition of Cavite Prison.

Washington, June 14.—Colonel  
Cochrane, United States marine corps,  
in his capacity as inspector of the  
naval station at Cavite, reports to the  
navy department under the date of  
May 1 that during the preceding  
month the condition of the naval  
prison there was further improved and  
that the health of the prisoners con-  
tinues remarkable. There was not  
one case of illness in April.

## JUBILEE DAY.

Picturesque and Novel Sessions at the  
Y. M. C. A. Convention.

Boston, June 14.—Jubilee day, as  
the day was designated by the inter-  
national jubilee convention of the Y.  
M. C. A., was brimful of interest and  
the morning session in Mechanics'  
hall was in a large degree picturesque  
and novel. James Stokes of New York  
presided, with Christian Philhides of  
Switzerland acting as master of cere-  
monies. A striking figure was Nicholas  
W. Vassilief, a delegate from Russia,  
gowned in the deep crimson silk of  
his office.

A special jubilee service was held  
in the Old South Meeting House, in  
the chapel of which the first Y. M. C.  
A. in the United States was organized  
50 years ago, at which a commemora-  
tive tablet was unveiled.

A reception of more than 600 dele-  
gates by Governor Crane at the state  
house and a special service at Faneuil  
hall served to fill out the day.

## AUGUSTA SYNOD MEETS.

Annual Convention of Swedish Lu-  
therans at Jamestown, N. Y.

Jamestown, N. Y., June 14.—The  
most important gathering in the his-  
tory of the Swedish Lutheran church  
of America convened in this city dur-  
ing the evening. It is the annual con-  
vention of the Augusta synod of that  
denomination, which embraces all  
Swedish Lutheran churches of the  
United States. About 500 delegates  
are in attendance.

Matters of church policy are to be  
considered during the session, impor-  
tant among which is that of the rela-  
tion of the church toward secret so-  
cieties. A large number of delegates  
from the Northwest and Pacific coast  
are present. The opening session was  
presided over by Rev. Dr. Noreluis of  
Vasa, Minn. The sessions of the  
synod are all conducted in the Swed-  
ish language. The convention will  
last about eight days.

## Epidemic of Black Smallpox.

Wichita, Kan., June 14.—A dispatch  
received from El Reno, O. T., states  
that Dr. White has returned from the  
Kiowa and Apache country, where he  
had been to investigate smallpox ru-  
mors and reports that an epidemic of  
black smallpox, fatal in nearly every  
instance, is raging among the Indians.  
This is the country soon to be opened  
for settlement.

## LION CLOTHING COMPANY,

5th Street.

Two Doors South of Stratton Hotel.

# BRAINERD DAILY DISPATCH.

VOLUME 1, NO. 11.

BRAINERD, MINN., FRIDAY, JUNE 14, 1901.

PRICE TWO CENTS.

## A LYNCHING IS FEARED

DOZEN OR MORE NEGROES IN  
CUSTODY AT SHREVE-  
PORT, LA.

## IMPLICATED IN A MURDER

Held for Complicity in the Killing of  
a Prominent Planter—Was Trying  
to Settle a Dispute Between the  
Overseers and Hands—Man Who  
Fired the Shot Tracked by Blood-  
hounds.

Shreveport, La., June 14.—This city  
and vicinity has been in a state of  
feverish excitement and unrest since  
John Gray Foster, a prominent planter,  
was shot and killed by Prince Edwards,  
a negro employed on the Foster  
plantation, five miles east of this  
city. Armed posses of white men have

been scouring the country for miles  
around in an attempt to capture Ed-  
wards. A dozen or more negroes who  
are under arrest have been confined in  
Kennebrew's store and what fate may  
have in store for them is uncertain.  
Foster was widely known and very  
popular. He was a brother-in-law of  
Governor McMillan of Tennessee and  
belonged to one of the oldest families  
in this state.

There had been bad feeling for  
some time past between the negroes  
and overseers on the Foster planta-  
tion and Foster was appealed to to  
settle the differences. The planter  
started to see the negroes and upon  
reaching a negro cabin he was fired  
upon and killed. There were a dozen  
or more negroes in the cabin and they  
broke and ran in all directions. The  
overseers were quickly joined by  
other men and it was not long before  
all the negroes were arrested except  
Prince Edwards, who did the shoot-  
ing. Posses were quickly formed and  
started on a hunt for the negro, but  
as yet have made no further arrests.

Shortly after midnight the guards  
started for Benton with their prison-  
ers. They hope to make the place by  
daylight and thus prevent a possible

lynching. There is a fear, however,  
that a mob will waylay the guards and  
take forcible possession of the ne-  
groes.

Edwards, if caught, will be burned  
or lynched.

## BIG COAL TRUST.

One to Comprise the Entire Country  
Being Promoted.

Chicago, June 14.—Chicago capital-  
ists are behind a movement for the  
consolidation of all the coal mining  
companies of Indiana. Options on a  
score of Indiana mines owned by Chi-  
cago firms were secured by John S.  
Bays of Sullivan, Ind., and the com-  
bine, which is to have a capital of  
\$15,000,000, will be formally launched  
in a few days. The Chronicle says:

"The consolidation of the Indiana  
mines is but the forerunner of a great-  
er coal trust that is to embrace prac-  
tically all of the coal producing states.  
As soon as the Indiana combination is  
effected an organization of the Illinois  
mines will be formed. Combinations  
among the mine owners of Kentucky,  
Pennsylvania and Ohio, which have  
existed for some time, will be con-  
solidated with the Indiana and Illi-

nois combinations with a capitaliza-  
tion of \$300,000,000."

In addition to bringing into the con-  
solidation all of the operating coal  
mines the promoters are taking steps  
to lease all of the coal lands in the  
state to prevent their being opened up  
by competitive capital.

## TRIED TO STAB THE JUDGE.

Sensational Scene in the County Court  
at Chatham, Ont.

Chatham, Ont., June 14.—Andrew  
Epperson, who had been found guilty  
by a jury of a charge of stabbing his  
paramour, Ida Allison, made an at-  
tempt to kill Judge Bell in the county  
court here. During the preliminaries  
before proceeding with the next case  
after Epperson had been remanded  
for sentence Epperson made a dash  
from the prisoners' dock towards  
Judge Bell, in front of whom were  
lying the razor and knives used as  
exhibits in the case. Epperson  
grabbed the razor and rushed at the  
judge. Court attendants stopped him  
and he was overpowered only after a  
hard fight.

## HOFFMAN'S Special Sale of Bicycles for this Week.

One Gents' Second Hand Wheel,	12.00
One Gents' Second Hand Wheel,	10.00

## CLERGYMEN MUST PAY.

Will Be Assessed Twenty-five Cents  
for Half Fare Permits.

Chicago, June 14.—After July 1 all  
clergymen east of the Mississippi river  
and west of Pittsburg and Buffalo  
must pay 25 cents for permits to buy  
railroad tickets at half fare. This  
was agreed upon by general passen-  
ger agents of all the roads in the terri-  
tory named at a meeting here during  
the day.

To obtain clergy half fare permits  
it has been customary for clergymen  
to fill out prescribed forms and file  
them with agents of the transporta-  
tion companies. On this credential  
the reduced rate tickets were sold.  
There has never been any charge for  
these permits authorizing representa-  
tives of the railways to sell the tick-  
ets, though there has always been a  
fee of \$1 for the annual book permits  
furnished preachers.

The new rule places the same re-  
strictions about the trip credential  
as has surrounded the annual permit.  
It was found that when clergymen  
were not charged for the trip permits  
they used them exclusively and re-  
fused to pay the railroads \$1 for the  
annual book credential. The new ar-  
rangement is an effort to induce  
preachers and others entitled to re-  
duced rates courtesy to buy the year-  
ly books, which means a big profit to  
the lines in the association.

## A STEADY IMPROVEMENT.

All Reports From Mrs. McKinley's  
Sick Room Are Encouraging.

Washington, June 14.—All the re-  
ports from Mrs. McKinley's sick room  
are encouraging and plans are making  
for her removal to Canton as soon as  
she is in a condition that will safely  
warrant it. When that will be still  
problematical. No other plans are  
in contemplation. Great care is taken  
to guard Mrs. McKinley from over-  
taxing her very limited strength. She  
experiences no discomfort from the  
heat and the complaints causing the  
greatest apprehension continue to  
yield slowly to treatment.

Dr. Rixey remained at the White  
House considerably over two hours.  
On leaving he said:

"Mrs. McKinley is maintaining a  
steady improvement. She passed a  
comfortable day and is resting very  
well. She sat up for a while in a  
rolling chair."

## BREAK IN THE RANKS.

Chicago Manufacturers Grant De-  
mands of Striking Machinists.

Chicago, June 14.—A break occurred  
during the day in the ranks of the  
Chicago machinery manufacturers,  
whose employees are on strike. Six  
firms, employing 135 men, reached a  
settlement with their striking ma-  
chinists and the men return to work  
under an agreement securing to them  
the 9-hour day and an increase in  
wages acceptable to the union.

## Yellow Fever in Costa Rica.

Washington, June 14.—A report  
from Marine Hospital Surgeon Good-  
man at Port Limon, Costa Rica, an-  
nounces that no passengers are now  
being taken by the fruit company's  
steamer for Southern ports of the  
United States. An official report to  
the Costa Rican national authorities  
tells of the prevalence of yellow fever  
at Liberia, a city of 6,000 inhabitants  
in the "hot lands" of the Pacific coast  
province of Guana Caste, Costa Rica.  
Communication between Liberia and  
San Jose, the western terminus of the  
railroad from Port Limon, is difficult.

## TWO FIREMEN KILLED.

Fatal Head-End Collision on the Santa  
Fe Road.

Los Angeles, Cal., June 14.—Two  
are dead and four injured as the re-  
sult of a head-end collision on the  
Santa Fe six miles east of Williams.  
A. T. The dead are Lee Perkins of  
Williams and Jim Monahan of Wins-  
low, both firemen.

The passenger train was going east  
at a lively rate when it crashed into  
a double-header freight, westbound.  
The leading engine of the freight was  
badly wrecked. The cab was torn  
completely away, although the engi-  
neer was unhurt. Monahan's body has  
not been recovered from the debris.

## Condition of Cavite Prison.

Washington, June 14.—Colonel  
Cochrane, United States marine corps,  
in his capacity as inspector of the  
naval station at Cavite, reports to the  
navy department under the date of  
May 1 that during the preceding  
month the condition of the naval  
prison there was further improved and  
that the health of the prisoners con-  
tinues remarkable. There was not  
one case of illness in April.

## JUBILEE DAY.

Picturesque and Novel Sessions at the  
Y. M. C. A. Convention.

Boston, June 14.—Jubilee day, as  
the day was designated by the inter-  
national jubilee convention of the Y.  
M. C. A., was brimful of interest and  
the morning session in Mechanics  
hall was in a large degree picturesque  
and novel. James Stokes of New York  
presided, with Christian Philidias of  
Switzerland acting as master of cere-  
monies. A striking figure was Nicholas  
W. Vassilief, a delegate from Russia,  
gowned in the deep crimson silk of  
his office.

A special jubilee service was held  
in the Old South Meeting House, in  
the chapel of which the first Y. M. C.  
A. in the United States was organized  
50 years ago, at which a commemorative  
tablet was unveiled.

A reception of more than 600 dele-  
gates by Governor Crane at the state  
house and a special service at Faneuil  
hall served to fill out the day.

## AUGUSTA SYNOD MEETS.

Annual Convention of Swedish Lu-  
therans at Jamestown, N. Y.

Jamestown, N. Y., June 14.—The  
most important gathering in the his-  
tory of the Swedish Lutheran church  
of America convened in this city dur-  
ing the evening. It is the annual con-  
vention of the Augusta synod of that  
denomination, which embraces all  
Swedish Lutheran churches of the  
United States. About 500 delegates  
are in attendance.

Matters of church policy are to be  
considered during the session, impor-  
tant among which is that of the rela-  
tion of the church toward secret so-  
cieties. A large number of delegates  
from the Northwest and Pacific coast  
are present. The opening session was  
presided over by Rev. Dr. Norelius of  
Vasa, Minn. The sessions of the  
synod are all conducted in the Swed-  
ish language. The convention will  
last about eight days.

## Epidemic of Black Smallpox.

Wichita, Kan., June 14.—A dispatch  
received from El Reno, O. T., states  
that Dr. White has returned from the  
Kiowa and Apache country, where he  
had been to investigate smallpox ru-  
mors and reports that an epidemic of  
black smallpox, fatal in nearly every  
instance, is raging among the Indians.  
This is the country soon to be opened  
for settlement.

Judge McClenahan will return to Grand Rapids Monday morning. He will dismiss the grand jury Monday and will go to Park Rapids to open court Tuesday morning. The judge will convene court in this city the first part of July.

Hon. H. W. Stone, Benson, and Hon. Joseph Wood, St. Paul, are in the city on business connected with the Park Region Land Company. Messrs. A. F. Ferris and J. M. Elder of this city are also members of the company and a meeting of all the gentlemen is being held this afternoon.

Rev. and Mrs. Stapf passed through the city today en route to their home in Duluth. Rev. Mr. Stapf was formerly pastor of the German Evangelical church in this city.

The N. P. excursion train from Morris to Duluth passed through the city this morning about 11 o'clock. The train arrived here in two sections and it was delayed somewhat on account of an accident this side of Little Falls, when one of the sections run off the track. No one was hurt. The trains were crowded.

Mrs. J. E. Hurd and two sons, Mack and Cecil, of Minneapolis, arrived here today to visit Mrs. Hurd's mother, Mrs. D. F. Campbell and sister, Mrs. E. A. McKay, for about a month. Mr. and Mrs. Hurd have sold their home on University ave., N. E., and are now building a fine new home on Adams street.

Brainerd will be represented on the editorial excursion to the Pan-American exposition by Editor and Mrs. N. H. Ingersoll and son, Editor and Mrs. A. J. Halsted and daughter, Miss Flora. The party left on the noon train for St. Paul, wherethey will join the other editors and members of the editorial association of the state. They will be gone about ten days.

WOULD ALTER NIAGARA.

Washington Man Submits Remarkable Proposition.

Joseph I. Keefer of Washington has submitted to the Niagara falls commission a plan to cut away a portion of Goat island, build an abutment and connect the American and Canadian falls in one grand torrent of water, says the Buffalo Courier.

"My idea," said Mr. Keefer the other night, "is to build a great giant wall or abutment, with a stone top or coping that cannot be washed away and let the water from both sides of the island gracefully glide over the dam or stone esplanade, thus making one continuous stream of pure white water from the jut of one shore to the jut of the other.

"I conceived the idea," he said, "when I was at the falls the other day. I was standing over on the Canadian side where the old British museum used to be, and, looking across, the thought struck me how much prettier the falls would be if they were not broken by Goat island. Then I set to work to think how the improvement could be made. When I reached what I believe is a feasible plan, I made inquiries when the commission would meet and, finding it was to convene on the following day, staid over and attended its meeting at the Prospect House.

"The commissioners seemed much taken with the idea and wondered why no one had ever thought of it before. They told me they would have their engineer figure on it and make an estimate of the cost and that they would correspond with me regarding the matter later. For further consideration of the matter I was referred to Andrew A. Green of New York."

Asked how much he estimated the cost of the improvement would be, Mr. Keefer said:

"That is hard to say, but I am of the opinion it would not run over \$50,000 or \$60,000, which would be a small price to pay for such an improvement. I shall bring the matter before the governor of New York and through him again to the attention of the falls commissioners.

"The people ought to be interested in this improvement, for it will make a new falls at Niagara. It will stimulate the interest of those who have never seen the falls before, while those who have seen them will be anxious to come again to see what has been done to preserve and improve one of the greatest American wonders."

Mr. Keefer already enjoys distinction of being the man who raised the first American flag in Alaska. He is also a cousin of General George Washington.

Artesian Water Found at Santa Fe.

The Santa Fe New Mexican, in publishing a dispatch from Wyoming regarding the interesting discovery of artesian water on Sherman hill, which is over 8,000 feet high, remarks that "Santa Fe is 1,000 feet lower than the spot where water was struck on Sherman hill, and the day may come when some enterprising man will strike artesian water on the mesas at the foot of the range and thus open the way for reclaiming the fertile lands that surround this city." It is interesting to note in this connection that the United States geological survey through its division of hydrography made extensive investigations last season with very satisfactory results in the arid lands of central California to determine the possibility of locating wells which could be used for irrigation purposes. This investigation was conducted at the request and with the co-operation of the California Water and Forest association, which bore with the government half the expense.

Praise For American Locomotives.

The American locomotives on the Bengal Central railway are most satisfactory, says the Calcutta correspondent of the New York Sun. The report of the Indian government engineers on the bridge over the gorge at Goktiak, Burma, built by the Pennsylvania Steel company, is to the effect that it is a triumph of engineering skill. The native press is advocating the placing of further orders for railway material in the United States on the score of its strength and durability.

Neighborhood Gossip.

M. M. Carpenter, recently the editor of the Claremont-News, has taken charge of the Kiester Courier, for which he has purchased a complete new dress.—Owatonna Journal.

Eden Valley, in the southwestern part of the county, is said to have a well developed case of smallpox in the person of Barber Gillian. He has been quarantined and is on the road of recovery. But it was not a case of "barber kept on shaving."—St. Cloud Journal Press.

Late in the afternoon the auditor of Benton county opened bids for \$20,000 county funding bonds. There were a number of bidders for the bonds. Each of the bidders had representatives present, but up to 4 o'clock the successful one had not been announced.—St. Cloud Times.

C. N. and A. W. Pratt, of Malmo, were in Aitkin Monday. The gentlemen are taking much interest in breeding and have several head of thoroughbred stock on their farms. Not long ago the farmer imported a fine full blood Shorthorn bull and recently he secured a fine pure bred Poland China boar from a large stock farm near Minneapolis.—Aitkin Age.

At 4 o'clock Sunday morning fire broke out in the warehouse of Hart's store at Browerville and a \$10,000 loss resulted. Besides Hart's store, a meat market and a saloon burned. The Long Prairie fire department was sent for but the flames were placed under control by the Browerville people and the Long Prairie fire department did not respond.—Wadena Tribune.

J. C. Congdon, of Brainerd, was a pleasant visitor at the Journal office today. Mr. Congdon is not new to this section of the country as he spent some little time here 17 years ago, purchasing a farm three miles east of the city, which is now one of the best pieces of real estate in Polk county. He will make one of the party to escort Governor Van Sant to Wadena to-night, where the Park Region encampment is in session.—Crookston Journal.

Sometime during Tuesday evening burglars entered the City Hotel and carried away a watch and pocket book belonging to John Henessy. The burglars entered the house by the front door, which is left open and went to Henessy's room, and nothing else was touched. The watch was valued at \$40 and there was quite a sum of money in the purse. A blacksmith who has been around town is suspected and the police will try to land him.—Little Falls Transcript.

There is a probability that all the lumber camps in the northern part of the state will be burned down this summer by order of the board of health. During the past two winters the many camps have been the breeding places of small-pox, and it is found that the disease will develop in more deadly form next winter unless heroic measures are taken for its suppression. The project has been in the minds of the state board for some time, and has been broached before.—Bemidji Pioneer.

CURBSTONE CHAT.

Albert Ames, of Duluth: I am very well pleased with my visit in Brainerd. The city is improving and I see quite a change for the better.

Capt. R. R. Sigmond: You might state that all meats purchased for the regiment were from Hawkins & Baker's and officers and men were unusually well satisfied.

Capt. Lee: It will be impossible for me to figure out the score in the skirmish shooting for a few days, but you might say that some good records were made.

Chief Bennett: The Crookston people entertained the firemen royally this year. We all had a good time and the tournament was a great success. We got all we went after—vice president.

Col. Vanduzee: I am very well pleased with the treatment we received at the hands of the citizens of Brainerd and our stay in the city has been extremely pleasant. We hope to some day return again.

Epworth League Meeting

At San Francisco, July 10th to 21st, 1901. For this occasion tickets at reduced rates will be on sale July 6th to 13th inclusive, with final limit of August 4th, and 31st, according to class of ticket. For detail information as to rates, etc., inquire of W. D. McKay, agent.

MAY COMBAT THE TRUST.  
British Capitalists After Independent American Steel Plants.

Philadelphia, June 14.—The North American says: British capitalists have come to America with the view of buying all the good steel companies outside of Morgan's steel trust. Their plan is to get control of the several plants and subsequently to do with each whatever will profit them most and at the same time best conserve their general interests. They buy as investors—but as speculative investors. If they shall consider it more to their advantage to hold and operate the plants they will do so. If they find it more profitable to sell one or all of the plants they will do that; or, if they conclude a combination of steel works would be more to their advantage, they will merge the companies they get into a second steel trust in opposition to the United States corporation.

The article goes on to say that representatives of English ironmasters came to the United States recently to make a thorough examination of the steel situation. These men spent about two months inspecting the independent steel companies in the country, collecting data regarding them and generally familiarizing themselves with the steel situation.

WITNESSED BY THOUSANDS.

Parade of the Modern Woodmen of America at St. Paul.

St. Paul, June 14.—The feature of the day at the Modern Woodmen convention was the parade. Ten thousand men were in line and the route was lined by 200,000 people.

In the afternoon thousands attended the sports at the fair grounds. The programme was a varied one, being made up of automobile and motor cycle races, team drills, a balloon ascension, fancy bicycle and trick riding and other features.

Will Not Consider Maine Claims.

Madrid, June 14.—At a cabinet council, the queen regent presiding, it was decided that any claims emanating from American subjects relative to the destruction of the battleship Maine in Havana harbor should be addressed to the government of the United States in conformity with the treaty of Paris.

Publisher Pearson Arrives.

New York, June 14.—C. Arthur Pearson, owner of about 30 publications in England, among them being The Daily Express of London, arrived here during the day on the Oceanic. Mr. Pearson said that he would be in America one week and that he would visit the Pan-American exposition.

Killed in a Runaway.

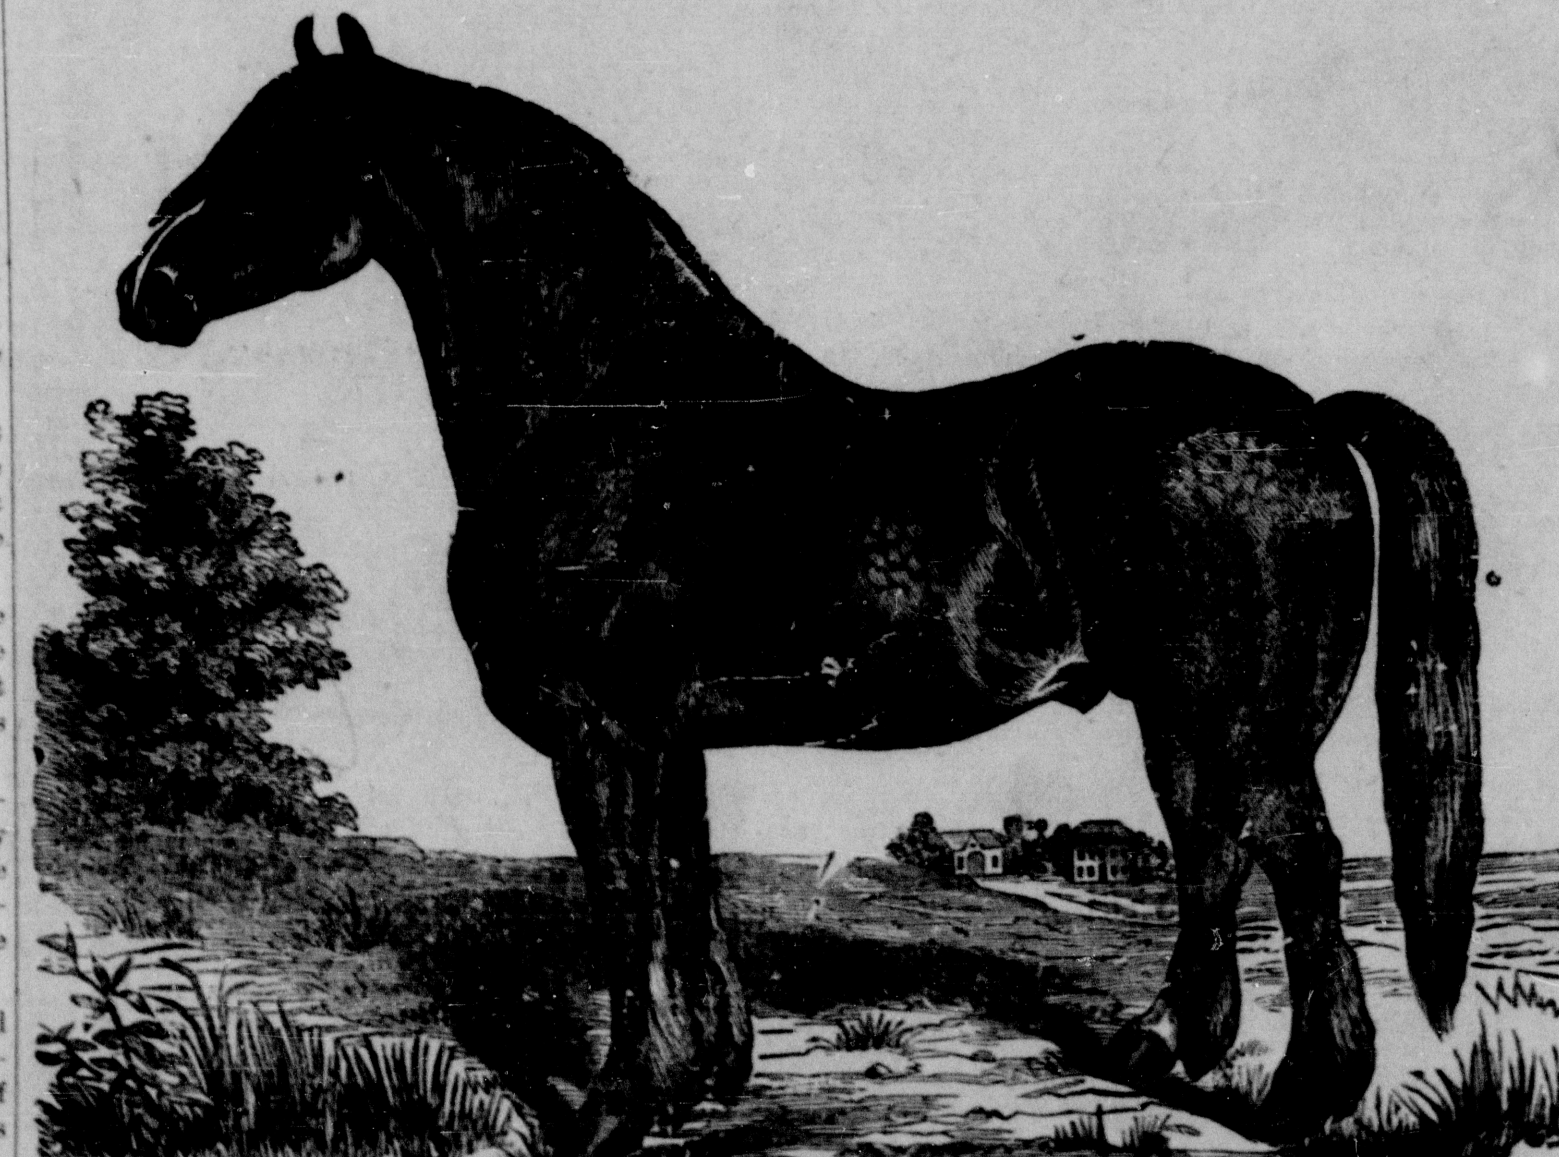

Anderson, Ind., June 14.—In a runaway here Miss Bertha Stewart jumped from the buggy and was instantly killed by breaking her neck. Miss Lillie Rich and Mrs. Webb were also injured. Miss Stewart jumped as the frightened horse was approaching a bridge.

Canada Specifically Excepted.

Berlin, June 14.—Canada is specifically excepted in the official announcement that the federal council, on the basis of the law of May 29, has decided from July 30 to extend to the products of Great Britain and her colonies the most favored nation treatment.

Estrayed.

A team of light bay horses, weight about nine hundred lbs each. One had mane cut last summer. Address Nels E. Johnson, Brainerd Minn.

LOCAL NEWS NOTES.

Miss Witherell has returned from St. Paul.

Judge Mantor is in Duluth today on legal business.

Miss Hennessey, of Aitkin, is in the city visiting with Mrs. P. J. Murphy.

If you want high class, nobby union made suits for less than cheap ones go to Moberg's.

Mrs. Denney, of Duluth, is in the city visiting with Mrs. Werner Hemstead.

For the best and cheapest men's and boy's negligee shirts in the city go to Moberg's.

E. A. Wilson, representing Chas. Scribner's Sons, is in the city calling on old friends.

Mrs. F. W. Wieland and daughter, Miss Bessie, left this noon for Hamline for a short visit.

Special wash goods sale, lawns, dimities, percales, etc., all this month only 5c, at Moberg's.

Miss Jennie Horner, of St. Cloud, arrived this afternoon for a visit with Mr. and Mrs. F. H. Gruenhagen.

The smoke social and entertainment by the Trades and Labor Assembly will be given this evening.

Mr. and Mrs. James Nealis left for Minneapolis today to attend the funeral of Mrs. Nealis' sister, Miss Sarah Corbett.

Special wash goods sale, fine Scotch ginghams and madras cloths, value 20c and 25c, this month 12 1/2c at Moberg's.

Harry Dunn returned from LeRoy, Sauk Centre and other points today, where he has been visiting for about ten days.

A marriage license has been issued by Clerk of Court Johnston to Clarence C. Wheeler and Emma C. Coleman, both of Bay Lake.

Mr. and Mrs. A. T. Kimball, Pelican Creek, left this noon for Minneapolis and will also visit other places during the next month.

Mrs. T. R. Foley passed through the city today en route to her home in Aitkin from Notre Dame university where her daughter studied the past year.

Mrs. Frank H. Murphy, sister of Mayor A. J. Halsted, accompanied by her son Edward and her grand daughter, arrived in the city today from Macon, Mo.

The Knights of Pythias will attend the Presbyterian church services at 3 o'clock Sunday afternoon in a body. Rev. A. H. Carver will preach the memorial sermon.

The delegates from the fire companies of the Brainerd Fire Department who attended the tournament and convention at Crookston returned to the city this morning.

Mr. and Mrs. J. P. Sanders entertained Capt. Delehme, Company I, Morris; Capt. Tourtelotte, Co. E, St. Paul; and Lieut. Birshing, St. Paul, at a 5 o'clock dinner last evening.

Mr. and Mrs. J. B. Campbell, Moorhead, passed through the city today en route to St. Paul for a visit. Rev. and Mrs. Carver are old acquaintances and met them at the train.

Among the Duluthians in the city during the stay of the Third Regiment was Albert Ames. He tramped the whole distance with the regiment and enjoyed the outing very much.

Judge McClenahan will return to Grand Rapids Monday morning. He will dismiss the grand jury Monday and will go to Park Rapids to open court Tuesday morning. The judge will convene court in this city the first part of July.

Hon. H. W. Stone, Benson, and Hon. Joseph Wood, St. Paul, are in the city on business connected with the Park Region Land Company. Messrs. A. F. Ferris and J. M. Elder of this city are also members of the company and a meeting of all the gentlemen is being held this afternoon.

Rev. and Mrs. Stapf passed through the city today en route to their home in Duluth. Rev. Mr. Stapf was formerly pastor of the German Evangelical church in this city.

The C. P. excursion train from Morris to Duluth passed through the city this morning about 11 o'clock. The train arrived here in two sections and it was delayed somewhat on account of an accident this side of Little Falls, when one of the sections run off the track. No one was hurt. The trains were crowded.

Mrs. J. E. Hurd and two sons, Mack and Cecil, of Minneapolis, arrived here today to visit Mrs. Hurd's mother, Mrs. D. F. Campbell and sister, Mrs. E. A. McKay, for about a month. Mr. and Mrs. Hurd have sold their home on University ave., N. E., and are now building a fine new home on Adams street.

Brainerd will be represented on the editorial excursion to the Pan-American exposition by Editor and Mrs. N. H. Ingersoll and son, Editor and Mrs. A. J. Halsted and daughter, Miss Flora. The party left on the noon train for St. Paul, where they will join the other editors and members of the editorial association of the state. They will be gone about ten days.

WOULD ALTER NIAGARA.

Washington Man Submits Remarkable Proposition.

Joseph I. Keefer of Washington has submitted to the Niagara falls commission a plan to cut away a portion of Goat island, build an abutment and connect the American and Canadian falls in one grand torrent of water, says the Buffalo Courier.

"My idea," said Mr. Keefer the other night, "is to build a great giant wall or abutment, with a stone top or coping that cannot be washed away and let the water from both sides of the island gracefully glide over the dam or stone esplanade, thus making one continuous stream of pure white water from the jut of one shore to the jut of the other."

"I conceived the idea," he said, "when I was at the falls the other day. I was standing over on the Canadian side where the old British museum used to be, and, looking across, the thought struck me how much prettier the falls would be if they were not broken by Goat island. Then I set to work to think how the improvement could be made. When I reached what I believe is a feasible plan, I made inquiries when the commission would meet and, finding it was to convene on the following day, staid over and attended its meeting at the Prospect House.

"The commissioners seemed much taken with the idea and wondered why no one had ever thought of it before. They told me they would have their engineer figure on it and make an estimate of the cost and that they would correspond with me regarding the matter later. For further consideration of the matter I was referred to Andrew A. Green of New York."

Asked how much he estimated the cost of the improvement would be, Mr. Keefer said: "That is hard to say, but I am of the opinion it would not run over \$50,000 or \$60,000, which would be a small price to pay for such an improvement. I shall bring the matter before the governor of New York and through him again to the attention of the falls commissioners.

"The people ought to be interested in this improvement, for it will make a new falls at Niagara. It will stimulate the interest of those who have never seen the falls before, while those who have seen them will be anxious to come again to see what has been done to preserve and improve one of the greatest American wonders."

Mr. Keefer already enjoys distinction of being the man who raised the first American flag in Alaska. He is also a cousin of General George Washington.

Artesian Water Found at Santa Fe.

The Santa Fe New Mexican, in publishing a dispatch from Wyoming regarding the interesting discovery of artesian water on Sherman hill, which is over 8,000 feet high, remarks that "Santa Fe is 1,000 feet lower than the spot where water was struck on Sherman hill, and the day may come when some enterprising man will strike artesian water on the mesas at the foot of the range and thus open the way for reclaiming the fertile lands that surround this city." It is interesting to note in this connection that the United States geological survey through its division of hydrography made extensive investigations last season with very satisfactory results in the arid lands of central California to determine the possibility of locating wells which could be used for irrigation purposes. This investigation was conducted at the request and with the co-operation of the California Water and Forest association, which bore with the government half the expense.

Praise For American Locomotives.

The American locomotives on the Bengal Central railway are most satisfactory, says the Calcutta correspondent of the New York Sun. The report of the Indian government engineers on the bridge over the gorge at Goktiak, Burma, built by the Pennsylvania Steel company, is to the effect that it is a triumph of engineering skill. The native press is advocating the placing of further orders for railway material in the United States on the score of its strength and durability.

Neighborhood Gossip.

M. M. Carpenter, recently the editor of the Claremont News, has taken charge of the Kiester Courier, for which he has purchased a complete new dress.—Owatonna Journal.

E. A. Wilson, representing Chas. Scribner's Sons, is in the city calling on old friends.

Mrs. F. W. Wieland and daughter, Miss Bessie, left this noon for Hamline for a short visit.

Special wash goods sale, lawns, dimities, percales, etc., all this month only 5c, at Moberg's.

Miss Jennie Horner, of St. Cloud, arrived this afternoon for a visit with Mr. and Mrs. F. H. Gruenhagen.

The smoke social and entertainment by the Trades and Labor Assembly will be given this evening.

Mr. and Mrs. James Nealis left for Minneapolis today to attend the funeral of Mrs. Nealis' sister, Miss Sarah Corbett.

Special wash goods sale, fine Scotch ginghams and madras cloths, value 20c and 25c, this month 12½c at Moberg's.

Harry Dunn returned from LeRoy, Sauk Centre and other points today, where he has been visiting for about ten days.

A marriage license has been issued by Clerk of Court Johnston to Clarence C. Wheeler and Emma C. Coleman, both of Bay Lake.

Mr. and Mrs. A. T. Kimball, Pelican Creek, left this noon for Minneapolis and will also visit other places during the next month.

Mrs. T. R. Foley passed through the city today en route to her home in Aitkin from Notre Dame university where her daughter studied the past year.

Mrs. Frank H. Murphy, sister of Mayor A. J. Halsted, accompanied by her son Edward and her grand daughter, arrived in the city today from Macon, Mo.

The Knights of Pythias will attend the Presbyterian church services at 3 o'clock Sunday afternoon in a body. Rev. A. H. Carver will preach the memorial sermon.

The delegates from the fire companies of the Brainerd Fire Department who attended the tournament and convention at Crookston returned to the city this morning.

Mr. and Mrs. J. P. Sanders entertained Capt. Delehme, Company I, Morris; Capt. Tourtelotte, Co. E, St. Paul; and Lieut. Birshing, St. Paul, at a 5 o'clock dinner last evening.

Mr. and Mrs. J. B. Campbell, Moorhead, passed through the city today en route to St. Paul for a visit. Rev. and Mrs. Carver are old acquaintances and met them at the train.

Among the Duluthians in the city during the stay of the Third Regiment was Albert Ames. He tramped the whole distance with the regiment and enjoyed the outing very much.

Judge McClenahan will return to Grand Rapids Monday morning. He will dismiss the grand jury Monday and will go to Park Rapids to open court Tuesday morning. The judge will convene court in this city the first part of July.

Hob. H. W. Stone, Benson, and Hon. Joseph Wood, St. Paul, are in the city on business connected with the Park Region Land Company. Messrs. A. F. Ferris and J. M. Elder of this city are also members of the company and a meeting of all the gentlemen is being held this afternoon.

Rev. and Mrs. Stapf passed through the city today en route to their home in Duluth. Rev. Mr. Stapf was formerly pastor of the German Evangelical church in this city.

The N. P. excursion train from Morris to Duluth passed through the city this morning about 11 o'clock. The train arrived here in two sections and it was delayed somewhat on account of an accident this side of Little Falls, when one of the sections ran off the track. No one was hurt. The trains were crowded.

Mrs. J. E. Hurd and two sons, Mack and Cecil, of Minneapolis, arrived here today to visit Mrs. Hurd's mother, Mrs. D. F. Campbell and sister, Mrs. E. A. McKay, for about a month. Mr. and Mrs. Hurd have sold their home on University ave., N. E., and are now building a fine new home on Adams street.

Brainerd will be represented on the editorial excursion to the Pan-American exposition by Editor and Mrs. N. H. Ingersoll and son, Editor and Mrs. A. J. Halsted and daughter, Miss Flora. The party left on the noon train for St. Paul, where they will join the other editors and members of the editorial association of the state. They will be gone about ten days.

## WOULD ALTER NIAGARA.

Washington Man Submits Remarkable Proposition.

Joseph I. Keefe of Washington has submitted to the Niagara falls commission a plan to cut away a portion of Goat island, build an abutment and connect the American and Canadian falls in one grand torrent of water, says the Buffalo Courier.

"My idea," said Mr. Keefe the other night, "is to build a great giant wall or abutment, with a stone top or coping that cannot be washed away and let the water from both sides of the island gracefully glide over the dam or stone esplanade, thus making one continuous stream of pure white water from the jut of one shore to the jut of the other."

"I conceived the idea," he said, "when I was at the falls the other day. I was standing over on the Canadian side where the old British museum used to be, and, looking across, the thought struck me how much prettier the falls would be if they were not broken by Goat island. Then I set to work to think how the improvement could be made. When I reached what I believe is a feasible plan, I made inquiries when the commission would meet and, finding it was to convene on the following day, staid over and attended its meeting at the Prospect House.

"The commissioners seemed much taken with the idea and wondered why no one had ever thought of it before. They told me they would have their engineer figure on it and make an estimate of the cost and that they would correspond with me regarding the matter later. For further consideration of the matter I was referred to Andrew A. Green of New York."

Asked how much he estimated the cost of the improvement would be, Mr. Keefe said: "That is hard to say, but I am of the opinion it would not run over \$50,000 or \$60,000, which would be a small price to pay for such an improvement. I shall bring the matter before the governor of New York and through him again to the attention of the falls commissioners.

"The people ought to be interested in this improvement, for it will make a new falls at Niagara. It will stimulate the interest of those who have never seen the falls before, while those who have seen them will be anxious to come again to see what has been done to preserve and improve one of the greatest American wonders."

Mr. Keefe already enjoys distinction of being the man who raised the first American flag in Alaska. He is also a cousin of General George Washington.

## Artesian Water Found at Santa Fe.

The Santa Fe New Mexican, in publishing a dispatch from Wyoming regarding the interesting discovery of artesian water on Sherman hill, which is over 8,000 feet high, remarks that "Santa Fe is 1,000 feet lower than the spot where water was struck on Sherman hill, and the day may come when some enterprising man will strike artesian water on the mesas at the foot of the range and thus open the way for reclaiming the fertile lands that surround this city." It is interesting to note in this connection that the United States geological survey through its division of hydrography made extensive investigations last season with very satisfactory results in the arid lands of central California to determine the possibility of locating wells which could be used for irrigation purposes. This investigation was conducted at the request and with the co-operation of the California Water and Forest association, which bore with the government half the expense.

## Praise For American Locomotives.

The American locomotives on the Bengal Central railway are most satisfactory, says the Calcutta correspondent of the New York Sun. The report of the Indian government engineers on the bridge over the gorge at Goktiek, Burma, built by the Pennsylvania Steel company, is to the effect that it is a triumph of engineering skill. The native press is advocating the placing of further orders for railway material in the United States on the score of its strength and durability.

## Neighborhood Gossip.

M. M. Carpenter, recently the editor of the Claremont News, has taken charge of the Kiester Courier, for which he has purchased a complete new dress.—Owatonna Journal.

Eden Valley, in the southwestern part of the county, is said to have a well developed case of smallpox in the person of Barber Gillan. He has been quarantined and is on the road of recovery. But it was not a case of "barber kept on shaving."—St. Cloud Journal Press.

Late in the afternoon the auditor of Benton county opened bids for \$20,000 county funding bonds. There were a number of bidders for the bonds. Each of the bidders had representatives present, but up to 4 o'clock the successful one had not been announced.—St. Cloud Times.

C. N. and A. W. Pratt, of Malmo, were in Aitkin Monday. The gentlemen are taking much interest in breeding and have several head of thoroughbred stock on their farms. Not long ago the farmer imported a fine full blood Shorthorn bull and recently he secured a fine pure bred Poland China boar from a large stock farm near Minneapolis.—Aitkin Age.

At 4 o'clock Sunday morning fire broke out in the warehouse of Hart's store at Browerville and a \$10,000 loss resulted. Besides Hart's store, a meat market and a saloon burned. The Long Prairie fire department was sent for but the flames were placed under control by the Browerville people and the Long Prairie fire department did not respond.—Wadena Tribune.

J. C. Congdon, of Brainerd, was a pleasant visitor at the Journal office today. Mr. Congdon is not new to this section of the country as he spent some little time here 17 years ago, purchasing a farm three miles east of the city, which is now one of the best pieces of real estate in Polk county. He will make one of the party to escort Governor Van Sant to Wadena to-night, where the Park Region encampment is in session.—Crookston Journal.

Sometime during Tuesday evening burglars entered the City Hotel and carried away a watch and pocket book belonging to John Henessy. The burglars entered the house by the front door, which is left open and went to Henessy's room, and nothing else was touched. The watch was valued at \$40 and there was quite a sum of money in the purse. A blacksmith who has been around town is suspected and the police will try to land him.—Little Falls Transcript.

There is a probability that all the lumber camps in the northern part of the state will be burned down this summer by order of the board of health. During the past two winters the many camps have been the breeding places of small-pox, and it is found that the disease will develop in more deadly form next winter unless heroic measures are taken for its suppression. The project has been in the minds of the state board for some time, and has been broached before.—Bemidji Pioneer.

## CURBSTONE CHAT.

Albert Ames, of Duluth: I am very well pleased with my visit in Brainerd. The city is improving and I see quite a change for the better.

Capt. R. R. Sigmund: You might state that all meats purchased for the regiment were from Hawkins & Becker's and officers and men were unusually well satisfied.

Capt. Lee: It will be impossible for me to figure out the score in the skirmish shooting for a few days, but you might say that some good records were made.

Chief Bennett: The Crookston people entertained the firemen royally this year. We all had a good time and the tournament was a great success. We got all we went after—vice president.

Col. Vanduzee: I am very well pleased with the treatment we received at the hands of the citizens of Brainerd and our stay in the city has been extremely pleasant. We hope to some day return again.

## Epworth League Meeting

At San Francisco, July 10th to 21st, 1901. For this occasion tickets at reduced rates will be on sale July 6th to 13th inclusive, with final limit of August 4th, and 31st, according to class of ticket. For detail information as to rates, etc., inquire of W. D. McKay, agent.

## MAY COMBAT THE TRUST.

British Capitalists After Independent American Steel Plants.

Philadelphia, June 14.—The North American says: British capitalists have come to America with the view of buying all the good steel companies outside of Morgan's steel trust. Their plan is to get control of the several plants and subsequently to do with each whatever will profit them most and at the same time best conserve their general interests. They buy as investors—but as speculative investors. If they shall consider it more to their advantage to hold and operate the plants they will do so. If they find it more profitable to sell one or all of the plants they will do that; or, if they conclude a combination of steel works would be more to their advantage, they will merge the companies they get into a second steel trust in opposition to the United States corporation.

The article goes on to say that representatives of English ironmasters came to the United States recently to make a thorough examination of the steel situation. These men spent about two months inspecting the independent steel companies in the country, collecting data regarding them and generally familiarizing themselves with the steel situation.

## WITNESSED BY THOUSANDS.

Parade of the Modern Woodmen of America at St. Paul.

St. Paul, June 14.—The feature of the day at the Modern Woodmen convention was the parade. Ten thousand men were in line and the route was lined by 200,000 people.

In the afternoon thousands attended the sports at the fair grounds. The programme was a varied one, being made up of automobile and motor cycle races, team drills, a balloon ascension, fancy bicycle and trick riding and other features.

## Will Not Consider Maine Claims.

Madrid, June 14.—At a cabinet council, the queen regent presiding, it was decided that any claims emanating from American subjects relative to the destruction of the battleship Maine in Havana harbor should be addressed to the government of the United States in conformity with the treaty of Paris.

## Publisher Pearson Arrives.

New York, June 14.—C. Arthur Pearson, owner of about 30 publications in England, among them being The Daily Express of London, arrived here during the day on the Oceanic. Mr. Pearson said that he would be in America one week and that he would visit the Pan-American exposition.

## Killed in a Runaway.

Anderson, Ind., June 14.—In a runaway here Miss Bertha Stewart jumped from the buggy and was instantly killed by breaking her neck. Miss Lillie Rich and Mrs. Webb were also injured. Miss Stewart jumped as the frightened horse was approaching a bridge.

## Canada Specifically Excepted.

Berlin, June 14.—Canada is specifically excepted in the official announcement that the federal council, on the basis of the law of May 29, has decided from July 30 to extend to the products of Great Britain and her colonies the most favored nation treatment.

## Estrayed.

A team of light bay horses, weight about nine hundred lbs each. One had mane cut last summer. Address Nels E. Johnson, Brainerd Minn.

# Found at Last

## Prices Way Down

.. On all Our ..

THE E. MARK LIVE STOCK CO. will be in Brainerd June 22nd with a hundred head of from ten to fifteen hundred pound horses, which they will sell at auction. CASH OR ON TIME. This will be the best lot of horses ever brought into Brainerd.

E. MARKS, Auctioneer.

THE CAMP IS DESERTED.

Most of the Soldier Boys Who Have Been Guests in the City Left for Their Homes.

NELSON'S PHENOMINAL WORK.

Everyone Went Away Well Pleased--Governor Van Sant At Dress Parade.

Thousands of people visited Camp Holland last night to witness for the last time the dress parade by the Third Regiment, the special feature of the parade being the review tendered by Governor Van Sant. It was a very successful parade throughout, the boys of the regiment appearing to especially good advantage. Governor Van Sant was accompanied by Adjutant General Libby and Col. Willey, aide-de-camp. The regiment was in command of Col. Vanduzee last night.

At the close of the parade the companies of the regiment were drawn up in line before headquarters where his excellency spoke a few words to them while seated on his horse. He stated that he was proud of the regiment and he thought there was reason to be greatly pleased at such a good attendance of the boys. He stated that he was proud of the boys during the recent difficulty with Spain. He knew all had not seen service but he held all soldiers, whether they were numbered among those who went to war or whether they staid at home, in great esteem. He stated that he thought it was as much of a task to be brave in times of peace as in times of war; and it certainly was just as honorable.

The governor's words were received with cheers from the ranks and for a time pandemonium reigned. There were three cheers and a "tiger" for the governor, for the colonel and one soldier yelled out, "What's the matter with the whole bunch."

Governor Van Sant has been especially well pleased with his visit at the camp. He left last night for Wadena, where he will be a guest at the Park Region, G. A. R. encampment today.

The closing hours at the camp are marked with a great deal of bustle and hustle. Of course throughout the day the regular army regulations will be adhered to, but by tomorrow the camp will be a deserted scene.

The following is the guard detail today: Officer of the day, Lieut. Chapman, Company L; officer of the guard, Lieut. Whitaker, Company L.

The following is general order No. 9, issued last night by Col. Vanduzee regarding the breaking up of the camp:

"This regiment will break camp tomorrow and will proceed to stations as follows: Companies B, D, E, G and H will leave Brainerd on special train on N. P. Ry at noon, June 14th.

"These companies will provide themselves with lunch for the trip in the morning and will pack all baggage and cooking outfits ready for the wagons by 7:30 a. m.

"Companies A, C and F will report to Captain Lee at 6:30 a. m. for rifle practice, at the expiration of which duty Companies A and C will load baggage on N. P. Ry equipment and will assemble for departure by the regular 4:05 a. m. train, June 15th, for Duluth. The band will report to the commanding officer of this train for assignment and transportation.

"Company I will leave Brainerd at 7:20 a. m., June 15th, on N. P. Ry for Morris."

Capt. W. H. Hart, brigadier quartermaster of the regiment, issued the checks to the regiment last evening. The pay roll amounted to \$8838.50 and it was divided among the companies as follows:

Company A.....	\$808.61
" B.....	845.59
" C.....	670.83
" D.....	903.61
" E.....	844.20
" F.....	931.75
" G.....	968.06
" H.....	701.89
" I.....	691.70
Med. Corps.....	128.50
Musicians.....	572.50

Fully 1200 people were at the Swartz driving park last night to witness the grand military historical exhibition by Duluth's crack Company C. The exhibition was good and made a hit but there should have been better arrangements for light. It was impossible to see the costumes on account of the poor light and of course this detracted from the excellence of the exhibition. The drills

were all good, representing in a historical way the soldiery of the different countries. The United States was represented by two drills, one at the opening and the other at the close of the exhibition. Germany was represented by Black Hussars of the time of Emperor William. This drill was decidedly the best on the program. The work of the team was without question the finest thing that has been seen for some time. Other countries represented were France, England, Japan, Sweden and Arabia.

A feature of the evening's entertainment was the playing of the Third Regiment band. They were encored again and again.

Miss Georgia Alexander, Duluth, formerly of this city sang during the drill of the French Imperial Guards. She sang for the first number "Post-tellion" and was loudly encored. With the Arabians she came out attired as a gypsy girl and sang the song called "The Gypsy Girl." Her singing was excellent and she received a perfect ovation from the large audience. Miss Lucy Sterns accompanied Miss Alexander on the piano.

Contrary to the order issued last night by Col. Vanduzee the Duluth companies left today on special cars attached to the regular Duluth train. The Third Regiment band also left on the same train. All the other companies broke camp this morning except Companies I and F. They are shooting on the range this afternoon, but Company I will leave tonight.

Company F has been out on the ranges shooting this morning and the boys have been doing some cracker jack work. Lieutenant Nelson leads the van of the whole regiment so far heard from. His shooting is excellent and he has by far made the best record of any man in the company. In the first round at 200 yards he made a possible 50 and in the second made 49 out of fifty. He made seventeen bullees out of twenty and in all made 99 points out of 100.

When the boys complete their work on the range this afternoon THE DISPATCH will give the names and records of those who qualified for the different classes.

Capt. Lee will go to Duluth and Companies A and C will shoot on their home range. They wanted to get home pretty bad and this concession was made them.

MURDEROUS ATTACK.

Adelard Joyal, a Canadian Frenchman, of St. Cloud who commenced proceedings for divorce against his wife a fortnight ago, made a well nigh successful attempt to kill her in a fit of jealousy this morning. He shot her three times, but the doctor says the wounds are not fatal. She had gone for a pail of water, and on her return was accosted by the husband, who demanded a kiss and was refused. He demanded that she return to his home and was again refused, whereupon he fired, the weapon being a few inches from her throat and he grasping her arm. The women succeeded in getting away and ran, receiving two additional wounds in her flight.

She reached the house of a friend, and Joyal pounded on the door, with the smoking revolver in his hand. He demanded admittance, but the door was locked and he fired again at the woman who had befriended his victim, missing his aim. A crowd gathered, and the man was disarmed. At jail he said he was sick and expressed thankfulness that his wife's injuries were not fatal.

ANNUAL MEETING OF ELKS AT MILWAUKEE.

For the above occasion tickets will be on sale to Milwaukee and return July 21, 22 and 23, 1901, with final limit of July 28th, at one first-class fare plus \$2.00 for the round trip.

PROPOSALS FOR PARK OPERA HOUSE.

The undersigned will receive sealed bids marked "proposal for Park Opera House" until 12 o'clock noon on June 25, 1901, for work and material required in the erection and completion of a brick and stone opera house to be about 60 x 112. Building to be completed not later than Oct. 1, 1901.

Each bid must be accompanied by a certified check or bank draft in amount of \$250.

Surety bond required from successful bidder.

Plans and specifications may be seen at the office of J. J. Wangerstein, architect, Duluth, Minn.; Builder's Exchange, St. Paul, Minn.; and at office of Secretary, Brainerd, Minn. GEO. D. LABAR, Secretary Park Opera House Ass'n, Brainerd, Minn.

Teeth filled and crowned with Gold or Porcelain, and teeth extracted with Odontolizer, at Dr. Ribbel's.

DELIGHTFUL PARTY.

Mesdames Merritt, Cale, Johnson and Bane Entertain A Large Circle of Friends Yesterday.

Yesterday afternoon from 2 to 6 o'clock Mrs. C. J. Merritt, Mrs. L. J. Cale, Mrs. C. D. Johnson and Mrs. E. C. Bane entertained a large number of their lady friends at the home of Mrs. Cale at a coffee.

The four ladies above mentioned received the guests in the front parlor, which had been transformed into a beauty spot, the room being decorated with roses, there being no particular color scheme. The back parlor was also very tastily decorated, the principal species being wild flowers which banked the fireplace. The decorations were very pretty throughout.

The ladies were assisted at the refreshment table by Miss Eustis, Miss Florine Merritt, Miss Ella Robinson and Miss Bertie Robinson.

A unique feature of the afternoon was the very fine musical program rendered. The Ladies Star Quartette sang, Miss Maud Bane gave a solo, Mrs. Atherton gave a solo, Mrs. Crane gave a musical number and whistled, Miss Lucy Sterns gave a piano selection, Miss Benjamin also gave a piano solo, Mrs. LaBar rendered a vocal solo and Little Miss Cooper contributed to the program with a song.

RATHBONE SISTERS ELECTION.

Members of White Cross Temple No. 6. Meet in Regular Annual Session Wednesday Night.

The members of White Cross Temple, No. 6, Rathbone Sisters, met in regular session, Wednesday, June 12, and elected the following officers for the ensuing term, commencing July 1 and ending Dec. 31, 1901:

- P. C.—Mary Entriken.
  - M. E. C.—Mary McFadden.
  - E. S.—Susie Hills.
  - E. J.—Frankie Bradbury.
  - M. of T.—Rose Dubois.
  - M. of R. & C.—Hattie Stinehour.
  - M. of F.—Carrie Lagerquist.
  - P. of T.—Rae Bennett.
- Rep. to Grand Temple—Amy J. Bertram.

A nice cool and refreshing drink or delicious ice cream soda at the Owl Pharmacy.

SMALL F, PLEASE, SAYS WU

The Chinese Minister Tells Us How to Spell His Name.

"Please use a small 'f' in spelling my name."

This is in effect the appeal which Minister Wu, the duly accredited representative of his Imperial Chinese majesty in this country, has sent broadcast to every printer in the United States, says the Philadelphia Press. Heretofore they have been spelling his last name with a capital "F," but it was not until a few days ago, when he sent a courteous note to the agents of the Southern Industrial convention in Philadelphia requesting that they print his name "Wu Ting-fang" and not "Wu Ting Fang," that the error was discovered.

Agent Kauffman, to whom the letter was sent, at once began an investigation and discovered that the change from "upper case F" to "lower case f" makes all the difference in the world to the polished Chinaman. The "fang" at the end of his name is simply a small descriptive part of the title and not the full surname, as many wrongly suppose. Besides, the change in the type means considerable from a Chinese diplomatic standpoint.

INFORMATION FOR MARINERS

Valuable Daily Publication Issued by the Naval Hydrographic Office.

The naval hydrographic office at Washington has just issued the first copy of a daily publication calculated to be of great benefit to mariners on the Atlantic and designed to supplement the excellent work accomplished for many years by this branch of the service. It is a daily memorandum of wreck, lee and fog reports for the north Atlantic and is said to be mailed every night except Wednesday to the branch hydrographic offices on the eastern seaboard at Boston, New York, Philadelphia, Baltimore, Norfolk and Savannah, says the New York Tribune. Hitherto the hydrographic office has published its monthly pilot chart of the north Atlantic, presenting graphically the conditions and positions of dangerous derelicts, floating ice and other menaces to navigation, and this chart has been supplemented by weekly bulletins issued Wednesday, giving the latest reports from incoming ships for the benefit of onward bound vessels about to leave ports. This information, which has proved of great benefit to shipmasters sailing on Saturdays, has, however, lost some of its freshness in the early part of the week following, particularly for vessels sailing from Philadelphia and Baltimore, which have a voyage of 30 hours before reaching the open sea and are often exposed to dangers which have been reported in the meantime near the coast. The new daily memorandum for the present will be re-animated by a simple process, as no appropriation is available for printing.

EDSALL HAS NOT DECIDED.

Notification Committee Returns Hoping That The Decision Will be Favorable To Minnesota.

The notification committee from the Diocesan council of the Episcopal church of the state of Minnesota has returned to the Twin cities after having been to Fargo to call on Bishop Edsall and notify him of his election as coadjutor.

Rev. C. D. Andrews, of Christ Church, St. Paul, one of the members of the committee, was interviewed by the Fargo Forum and said: "We came to Fargo as representatives of the Diocesan council of Minnesota to present to Bishop Edsall the letter of election. We met the bishop, presented the letter and discussed the situation and the bishop now has the letter under consideration. The decision of the bishop will be made later. The committee returns, hoping that it will be favorable to Minnesota. We do not blame North Dakota for not wanting to let him go. The only thing that reconciles us to ask such a great sacrifice from North Dakota is that the church in the northwest needs just such a conservative leader as Bishop Edsall is and that his residence in Minnesota will have its influence, not only in Minnesota, but throughout the church in the west. Minnesota, being an old established diocese, and North Dakota having all the possibilities of development before it, Minnesota felt that the bouse of bishops could more safely provide for North Dakota than Minnesota, but its clergy and laity, could elect the right man for the conditions in Minnesota."

USED OBSCENE LANGUAGE.

Is the Charge Made Against John Driscoll By Mrs. Maggie Hart in Municipal Court.

John Driscoll was arrested by Deputy Sheriff Winter this morning and was brought before Special Municipal Judge Murphy, the charge of using abusive and obscene language naturally tending to provoke assault being preferred against him, Mrs. Maggie Hart being the complaining witness.

Attorney Warner appeared for the defendant, Assistant County Attorney Crane appearing for the state. Driscoll's attorney moved to dismiss on the ground that the complaint did not specify the exact words used by the defendant in reference to Mrs. Hart. The matter was argued at some length and the motion was finally granted and the case was dismissed.

Driscoll was rearrested immediately after the case was dismissed on a new complaint. He was found guilty and fined \$5 which he paid.

FOR THE HOUSEWIFE

Some Facts About Bread.

The agricultural department has been conducting some valuable experiments upon common foods with a view to discovering the best manner of their preparation. The "staff of life" has naturally come in for a large measure of notice, and some notable facts in regard to the way it should be made have been developed.

"To prepare the grain for bread," says one of the experts of the department, "it is usually cleansed, crushed and sifted into a fine, soft powder which we call flour. Among the various kinds of flour the preference should of course be given to the one which yields the most nutritious loaf for the least money. The nutritive value of bread depends not only on its chemical composition, but also on its digestibility, and this in turn depends largely on the lightness of the loaf. It is the gluten in a flour which gives it the power of stretching and rising as the gas from the yeast expands within it and hence of making a light loaf. Rye, barley and oats have less gluten than wheat, and maize has none, and therefore wheat, despite its higher cost, yields the most nutriment for a given sum.

"It is possible that of the various kinds of wheat flour those containing part of the bran—entire wheat and graham flours—furnish the body with more minerals matters than white flour, but they probably do not yield more digestible protein, as was formerly supposed. It seems safe that, as far as we yet know, white flour, for a given amount of money, yields the most actual nourishment with the various food ingredients and in the best proportion. The lightness and sweetness of bread depend as much on the way in which it is made as on the materials used. The greatest care should be taken in preparing and baking the dough and in cooking and keeping the finished bread. Heavy, badly raised bread is a very dangerous food and unfortunately very common, and probably more indigestion has been caused by it than by all other indifferently cooked foods put together."

THE CAMP IS DESERTED.

Most of the Soldier Boys Who Have Been Guests In the City Left for Their Homes.

NELSON'S PHENOMINAL WORK.

Everyone Went Away Well Pleased--Governor VanSant At Dress Parade.

Thousands of people visited Camp Holland last night to witness for the last time the dress parade by the Third Regiment, the special feature of the parade being the review tendered by Governor Van Sant. It was a very successful parade throughout, the boys of the regiment appearing to especially good advantage. Governor Van Sant was accompanied by Adjutant General Libby and Col. Willey, aide-de-camp. The regiment was in command of Col. Vanduzee last night.

At the close of the parade the companies of the regiment were drawn up in line before headquarters where his excellency spoke a few words to them while seated on his horse. He stated that he was proud of the regiment and he thought there was reason to be greatly pleased at such a good attendance of the boys. He stated that he was proud of the boys during the recent difficulty with Spain. He knew all had not seen service but he held all soldiers, whether they were numbered among those who went to war or whether they staid at home, in great esteem. He stated that he thought it was as much of a task to be brave in times of peace as in times of war; and it certainly was just as honorable.

The governor's words were received with cheers from the ranks and for a time pandemonium reigned. There were three cheers and a "tiger" for the governor, for the colonel and one soldier yelled out, "What's the matter with the whole bunch."

Governor Van Sant has been especially well pleased with his visit at the camp. He left last night for Wadena, where he will be a guest at the Park Region, G. A. R. encampment today.

The closing hours at the camp are marked with a great deal of bustle and hustle. Of course throughout the day the regular army regulations will be adhered to, but by tomorrow the camp will be a deserted scene.

The following is the guard detail today: Officer of the day, Lieut. Chapman, Company L; officer of the guard, Lieut. Whitaker, Company L.

The following is general order No. 9, issued last night by Col. Vanduzee regarding the breaking up of the camp:

"This regiment will break camp tomorrow and will proceed to stations as follows: Companies B, D, E, G and H will leave Brainerd on special train on N. P. Ry at noon, June 14th.

"These companies will provide themselves with lunch for the trip in the morning and will pack all baggage and cooking outfits ready for the wagons by 7:30 a. m.

"Companies A, C and F will report to Captain Lee at 6:30 a. m. for rifle practice, at the expiration of which duty Companies A and C will load baggage on N. P. Ry equipment and will assemble for departure by the regular 4:05 a. m. train, June 15th, for Duluth. The band will report to the commanding officer of this train for assignment and transportation.

"Company I will leave Brainerd at 7:20 a. m., June 15th, on N. P. Ry for Morris."

Capt. W. H. Hart, brigadier quartermaster of the regiment, issued the checks to the regiment last evening. The pay roll amounted to \$8838.50 and it was divided among the companies as follows:

Company A.....	\$908.61
" B.....	845.59
" C.....	670.83
" D.....	903.61
" E.....	844.20
" F.....	931.75
" G.....	968.06
" H.....	701.89
" I.....	691.70
Med. Corps.....	128.50
Musicians.....	572.50

Fully 1200 people were at the Swartz driving park last night to witness the grand military historical exhibition by Duluth's crack Company C. The exhibition was good and made a hit but there should have been better arrangements for light. It was impossible to see the costumes on account of the poor light and of course this detracted from the excellence of the exhibition. The drills

were all good, representing in a historical way the soldiery of the different countries. The United States was represented by two drills, one at the opening and the other at the close of the exhibition. Germany was represented by Black Hussars of the time of Emperor William. This drill was decidedly the best on the program. The work of the team was without question the finest thing that has been seen for some time. Other countries represented were France, England, Japan, Sweden and Arabia.

A feature of the evening's entertainment was the playing of the Third Regiment band. They were encored again and again.

Miss Georgia Alexander, Duluth, formerly of this city sang during the drill of the French Imperial Guards. She sang for the first number "Postellion" and was loudly encored. With the Arabians she came out attired as a gypsy girl and sang the song called "The Gypsy Girl." Her singing was excellent and she received a perfect ovation from the large audience. Miss Lucy Sterns accompanied Miss Alexander on the piano.

Contrary to the order issued last night by Col. Vanduzee the Duluth companies left today on special cars attached to the regular Duluth train. The Third Regiment band also left on the same train. All the other companies broke camp this morning except Companies I and F. They are shooting on the range this afternoon, but Company I will leave tonight.

Company F has been out on the ranges shooting this morning and the boys have been doing some cracker jack work. Lieutenant Nelson leads the van of the whole regiment so far heard from. His shooting is excellent and he has by far made the best record of any man in the company. In the first round at 200 yards he made a possible 50 and in the second made 49 out of fifty. He made seventeen bulleyes out of twenty and in all made 99 points out of 100.

When the boys complete their work on the range this afternoon THE DISPATCH will give the names and records of those who qualified for the different classes.

Capt. Lee will go to Duluth and Companies A and C will shoot on their home range. They wanted to get home pretty bad and this concession was made then.

**Murderous Attack.**

Adelard Joyal, a Canadian Frenchman, of St. Cloud who commenced proceedings for divorce against his wife a fortnight ago, made a well nigh successful attempt to kill her in a fit of jealousy this morning. He shot her three times, but the doctor says the wounds are not fatal. On her return was accosted by the husband, who demanded a kiss and was refused. He demanded that she return to his home and was again refused, whereupon he fired, the weapon being a few inches from her throat and he grasping her arm. The women succeeded in getting away and ran, receiving two additional wounds in her flight.

She reached the house of a friend, and Joyal pounded on the door, with the smoking revolver in his hand. He demanded admittance, but the door was locked and he fired again at the woman who had befriended his victim, missing his aim. A crowd gathered, and the man was disarmed. At jail he said he was sick and expressed thankfulness that his wife's injuries were not fatal.

**Annual Meeting of Eks at Milwaukee.**

For the above occasion tickets will be on sale to Milwaukee and return July 21, 22 and 23, 1901, with final limit of July 28th, at one first-class fare plus \$2.00 for the round trip.

**Proposals for Park Opera House.**

The undersigned will receive sealed bids marked "proposal for Park Opera House" until 12 o'clock noon on June 25, 1901, for work and material required in the erection and completion of a brick and stone opera house to be completed 60 x 112. Building to be completed not later than Oct. 1, 1901.

Each bid must be accompanied by a certified check or bank draft in amount of \$250.

Surety bond required from successful bidder.

Plans and specifications may be seen at the office of J. J. Wengenstein, architect, Duluth, Minn.; Builder's Exchange, St. Paul, Minn.; and at office of Secretary, Brainerd, Minn.

**DELIGHTFUL PARTY.**

Mesdames Merritt, Cale, Johnson and Bane Entertain A Large Circle of Friends Yesterday.

Yesterday afternoon from 2 to 6 o'clock Mrs. C. J. Merritt, Mrs. L. J. Cale, Mrs. C. D. Johnson and Mrs. E. C. Bane entertained a large number of their lady friends at the home of Mrs. Cale at a coffee.

The four ladies above mentioned received the guests in the front parlor, which had been transformed into a beauty spot, the room being decorated with roses, there being no particular color scheme. The back parlor was also very tastily decorated, the principal species being wild flowers which banked the fireplace. The decorations were very pretty throughout.

The ladies were assisted at the refreshment table by Miss Eustis, Miss Florine Merritt, Miss Ella Robinson and Miss Bertie Robinson.

A unique feature of the afternoon was the very fine musical program rendered. The Ladies Star Quartette sang, Miss Maud Bane gave a solo, Mrs. Atherton gave a solo, Mrs. Crane gave a musical number and whistled, Miss Lucy Sterns gave a piano selection, Miss Benjamin also gave a piano solo, Mrs. LaBar rendered a vocal solo and Little Miss Cooper contributed to the program with a song.

**RATHBONE SISTERS ELECTION.**

Members of White Cross Temple No. 6. Meet in Regular Annual Session Wednesday Night.

The members of White Cross Temple, No. 6, Rathbone Sisters, met in regular session, Wednesday, June 12, and elected the following officers for the ensuing term, commencing July 1 and ending Dec. 31, 1901:

P. C.—Mary Entriken.  
M. E. C.—Mary McFadden.  
E. S.—Susie Hills.  
E. J.—Frankie Bradbury.  
M. of T.—Rose Dubois.  
M. of R. & C.—Hattie Stinehour.  
M. of F.—Carrie Lagerquist.  
P. of T.—Rae Bennett.  
Rep. to Grand Temple—Amy J. Bertram.

A nice cool and refreshing drink or delicious ice cream soda at the Owl Pharmacy.

**SMALL F, PLEASE, SAYS WU**

The Chinese Minister Tells Us How to Spell His Name.

"Please use a small 'f' in spelling my name."

This is in effect the appeal which Minister Wu, the duly accredited representative of his Imperial Chinese majesty in this country, has sent broadcast to every printer in the United States, says the Philadelphia Press. Heretofore they have been spelling his last name with a capital "F," but it was not until a few days ago, when he sent a courteous note to the agents of the Southern Industrial convention in Philadelphia requesting that they print his name "Wu Ting-fang" and not "Wu Ting Fang," that the error was discovered.

Agent Kauffman, to whom the letter was sent, at once began an investigation and discovered that the change from "upper case 'F'" to "lower case" makes all the difference in the world to the polished Chinaman. The "fang" at the end of his name is simply a small descriptive part of the title and not the full surname, as many wrongly suppose. Besides, the change in the type means considerable from a Chinese diplomatic standpoint.

**INFORMATION FOR MARINERS**

Valuable Daily Publication Issued by the Naval Hydrographic Office.

The naval hydrographic office at Washington has just issued the first copy of a daily publication calculated to be of great benefit to mariners on the Atlantic and designed to supplement the excellent work accomplished for many years by this branch of the service. It is a daily memorandum of wreck, ice and fog reports for the north Atlantic and is said to be mailed every night except Wednesday to the branch hydrographic offices on the eastern seaboard at Boston, New York, Philadelphia, Baltimore, Norfolk and Savannah, says the New York Tribune. Hitherto the hydrographic office has published its monthly pilot chart of the north Atlantic, presenting graphically the conditions and positions of dangerous derelicts, floating ice and other menaces to navigation, and this chart has been supplemented by weekly bulletins issued Wednesdays, giving the latest reports from incoming ships for the benefit of outward bound vessels about to leave ports. This information, which has proved of great benefit to shipmasters sailing on Saturdays, has, however, lost some of its freshness in the early part of the week following, particularly for vessels sailing from Philadelphia and Baltimore, which have a voyage of 36 hours before reaching the open sea and are often exposed to dangers which have been reported in the meantime near the coast. The new daily memoranda for the present will be manufactured by a simple process, as no appropriation is available for printing.

**EDSALL HAS NOT DECIDED.**

Notification Committee Returns Hoping That The Decision Will be Favorable To Minnesota.

The notification committee from the Diocesan council of the Episcopal church of the state of Minnesota has returned to the Twin cities after having been to Fargo to call on Bishop Edsall and notify him of his election as coadjutor.

Rev. C. D. Andrews, of Christ Church, St. Paul, one of the members of the committee, was interviewed by the Fargo Forum and said: "We came to Fargo as representatives of the Diocesan council of Minnesota to present to Bishop Edsall the letter of election. We met the bishop, presented the letter and discussed the situation and the bishop now has the letter under consideration. The decision of the bishop will be made later. The committee returns, hoping that it will be favorable to Minnesota. We do not blame North Dakota for not wanting to let him go. The only thing that reconciles us to ask such a great sacrifice from North Dakota is that the church in the northwest needs just such a conservative leader as Bishop Edsall is and that his residence in Minnesota will have its influence, not only in Minnesota, but throughout the church in the west. Minnesota, being an old established diocese, and North Dakota having all the possibilities of development before it, Minnesota felt that the house of bishops could more safely provide for North Dakota than Minnesota, but its clergy and laity, could elect the right man for the conditions in Minnesota."

**USED OBSCENE LANGUAGE.**

Is the Charge Made Against John Driscoll By Mrs. Maggie Hart in Municipal Court.

John Driscoll was arrested by Deputy Sheriff Winter this morning and was brought before Special Municipal Judge Murphy, the charge of using abusive and obscene language naturally tending to provoke assault being preferred against him, Mrs. Maggie Hart being the complaining witness.

Attorney Warner appeared for the defendant, Assistant County Attorney Crane appearing for the state. Driscoll's attorney moved to dismiss on the ground that the complaint did not specify the exact words used by the defendant in reference to Mrs. Hart. The matter was argued at some length and the motion was finally granted and the case was dismissed.

Driscoll was rearrested immediately after the case was dismissed on a new complaint. He was found guilty and fined \$5 which he paid.

**FOR THE HOUSEWIFE**

**Some Facts About Bread.**

The agricultural department has been conducting some valuable experiments upon common foods with a view to discovering the best manner of their preparation. The "staff of life" has naturally come in for a large measure of notice, and some notable facts in regard to the way it should be made have been developed.

"To prepare the grain for bread," says one of the experts of the department, "it is usually cleansed, crushed and sifted into a fine, soft powder which we call flour. Among the various flours the preference should of course be given to the one which yields the most nutritious loaf for the least money. The nutritive value of bread depends not only on its chemical composition, but also on its digestibility, and this in turn depends largely on the lightness of the loaf. It is the gluten in a flour which gives it the power of stretching and rising as the gas from the yeast expands within it and hence of making a light loaf. Rye, barley and oats have less gluten than wheat, and maize has none, and therefore wheat, despite its higher cost, yields the most nutritious for a given sum.

"It is possible that of the various kinds of wheat flour those containing part of the bran—entire wheat and Graham flours—furnish the body with more mineral matters than white flour, but they probably do not yield more digestible protein, as was formerly supposed. It seems safe that, as far as we yet know, white flour, for a given amount of money, yields the most actual nourishment with the various food ingredients and in the best proportion. The lightness and sweetness of bread depend as much on the way in which it is made as on the materials used. The greatest care should be taken in preparing and baking the dough and in cooking and keeping the finished bread. Heavy, badly raised bread is a very dangerous food and unfortunately very common, and probably more indigestion has been caused by it than by all other indifferently cooked foods put together."

**MURPHY & SHERLUND,** Laurel Street.

**Has a Bad Record.**  
Guthrie, O. T., June 14.—At Coyle, 20 miles from here, Ben Cravens and a companion blew open the Santa Fe safe with dynamite, securing \$1,500, and escaped. The safe and part of the building was wrecked. Cravens two months ago near Pawnee killed two members of a posse chasing him. Last winter he escaped from the Kansas state penitentiary mine, holding the guard off with a toy pistol.

**Pilots' Association Cued.**  
San Francisco, June 14.—In the United States district court two suits for \$50,000 each have been filed against the Pilots' association of this port by relatives of two men who lost their lives in the wreck of the steamer Rio de Janeiro. The complainants are the widows and children of Thomas Brady and Joseph Smith, second assistant engineer and water tender, respectively, on the Rio.

**Gage Accepts New Mint.**  
Philadelphia, June 14.—Secretary of the Treasury Gage, acting for the United States government, has accepted the United States mint which has just been completed at a cost of more than \$2,000,000 and is said to be the finest and best equipped building of its kind in the world. The ceremonies attending the transfer, which took place in the morning room, were simple but interesting.

**Died in Terrible Agony.**  
Benton Harbor, Mich., June 14.—John E. Mitchell, a Milwaukee traveling man, died in terrible agony in the Pere Marquette depot here. His last words were: "They're after me." Death was caused by poison. Both suicide and murder theories are advanced. The latter is believed to be the more probable. He was an Australian and his parents reside in New Zealand.

**DISCHARGED SOLDIERS**  
**ARE HELD RESPONSIBLE FOR**  
**GOVERNMENT GOODS IN**  
**PAWNSHOPS.**  
**OPINION OF ARMY OFFICERS**  
Confident No One in the Quartermaster's Department is Guilty of Selling Even a Shoe String—Local Detectives Say Certain People Will Have a Hard Time Explaining Away the Evidence Against Them.

San Francisco, June 14.—Captain A. W. Kimball, post quartermaster at the Presidio, made the following statement in regard to the alleged frauds in the sale of quartermaster's supplies belonging to the government:

"I am the officer that is concerned in this matter, yet no one has made any inquiry of me. I am the only bonded officer at the post and the only one accountable and disbursing officer. If there has been anything irregular I would be pleased to give all the assistance in my power in the search for the guilty men, if there are any. All the government things sold in the pawnshops are sold by discharged soldiers from the returning volunteer regiments."

Colonel J. B. Rawles, artillery corps, post commander, said:

"All this talk of fraud is perfect rot. People have been nagging for a year on the same subject. I have been aware of the soldiers selling their clothing for a long time. One of the puzzling and perplexing things in army management is to keep the soldiers from selling their clothing. I am confident that no quartermaster's sergeant or civilian employee is implicated in the selling of even a shoe string."

Detective Reynolds reported to the federal authorities during the day that he found 20 pair of government shoes in a Sacramento street store. Captain Seymour of the local detective force said:

"No one can say in view of all that has transpired within the past few days that the frauds are not going on. Detective Reynolds reports to me that the investigation has made a stir among the second-hand stores and those who deal in the class of goods stolen from the army, and that those who have not yet been visited by Colonel Maus are hurrying to cover what government goods they have. It seems this Abrams family has had a monopoly of this trade and the quantities which they were able to supply their customers makes it seem conclusive to my mind that there is some one or more having access to the quartermaster's department in collusion with them. They will have a hard time explaining away the evidence against them."

**A TEN PER CENT TAX.**

**Transvaal Mines Will Have to Help Pay Expenses of the War.**

London, June 14.—Sir David Barbour, whom the chancellor of the exchequer, Sir Michael Hicks-Beach, sent to South Africa to investigate the sources of revenue of the Transvaal and Orange River Colony with a view of estimating how much they should contribute towards the cost of the war, reports in favor of a 10 per cent tax on the profits of the mines, yielding, on the basis of the profits of 1898, £450,000 yearly. After paying this Sir David Barbour considers the mines will be better off than before, as they will save £600,000 per year on dynamite, owing to the abolition of the monopoly in that commodity. The Orange River Colony will be unable for some years to meet the ordinary cost of administration and pay its share of the cost of the constabulary. "It cannot, therefore," says Sir David Barbour, "so far as can be foreseen at present, pay anything toward the cost of the war."

The Transvaal, he thinks, can, two years after the conclusion of peace, begin out of its ordinary revenue to pay part of the cost of the war. He is unable, now, to estimate how much. Sir David proposes, also, to apply all revenues derived from the sale of lands or mining rights to the war liquidation.

**MACHINISTS' PROTEST.**

**Claim Students in Kentucky State College Take Strikers' Places.**

Cincinnati, June 14.—The machinists' union of Covington, Ky., sent a letter to Governor Beckham in which they appeal for an investigation of the action of Professor J. P. Anderson of the Kentucky state college, who, they claim, is sending students from the mechanical department of that college to Cincinnati to take the places of the striking machinists. The officers of the union assert that 10 students are now at work in various shops without any pay whatever. The strikers expect Governor Beckham will investigate the matter and have the students recalled.

**Buying Up Electric Road.**

Cleveland, June 14.—Announcement is made of the purchase by the Everett-Moore syndicate of all the street railway lines of Toledo, and other negotiations in progress when completed will give the syndicate control of all electric railways between Detroit and Cleveland. Every electric railway in Northern Ohio and Southern Michigan will be merged, with the exception of the Painesville and the Erie Consolidated Street railway of Cleveland.

**TO START A REVOLUTION.**  
Dr. San Vet Sen, the Reformer, Leaves Honolulu for China.  
Honolulu, June 7.—Dr. San Vet Sen, the Chinese reformer, left on the America Maru June 5 for China for the purpose of starting a revolution. His intention is to overthrow the dowager empress and the mandarins. His idea is to have China ruled by a president on lines after the government of America. He says that there will be a strong force at his back and he has the support of many prominent white men of China, as well as thousands of natives. This is the third revolution which he has attempted in China and he feels confident that this attempt will prove successful.

Dr. Sen would not state where he intended to land in China or give the details of his plans. There will be bloodshed very soon, he declared.

The news of the decision of the supreme court in the insular cases was received with general satisfaction in Hawaii. Although the ruling by the court is claimed by some to place this territory outside of the integral part of the United States, nevertheless, the rights of Hawaii are protected and guaranteed by the organic act which has been in effect since June 1 of last year. It is not thought that much money in the way of duties collected from the time of the treaty of annexation to the application of the organic act will have to be returned by the United States government. At that time the principal protest was made against paying duties on American goods, and these protests will, in the main, be sustained and the money refunded.

**Believed He Was Going Blind.**  
Hutchinson, Kan., June 14.—Because he believed he was going blind J. A. Tuttle, traveling freight agent of the Rock Island railroad for many years, traveling auditor of the Memphis road and widely known among railroad men, committed suicide in an undertaking establishment in this city by firing a bullet through his head. Tuttle recently consulted an oculist, who told him that he would lose his eyesight in the near future.

**TELEGRAPHIC BREVITIES.**

Governor Pingree is reported ill at London.

Heat and humidity caused seven deaths in Chicago Thursday.

William J. Bryan has been elected an alumni trustee of Illinois college.

Hon. A. S. Hardy, ex-premier of Ontario, is dead at Toronto as the result of an operation for appendicitis.

Word has been received from Ironwood, Mich., which states that the reports of a tornado in that town are incorrect.

Frank Evans of Sergeant Bluffs, Ia., after living 10 weeks with a broken neck, is dead. His neck was broken while playing ball.

Governor Sayers of Texas has ordered a special election in the Sixth (Dallas) congressional district to elect a successor to the late Congressman R. E. Burke.

Foxhall Keene has sent £2,260 to the Prince of Wales hospital, the amount being one-half of the Oaks purse, which he won with his filly Cap and Bells last Saturday.

**WOULD ENTAIL DELAY**  
**FOREIGN REPRESENTATIVES AT**  
**WASHINGTON DISCUSS**  
**ARBITRATION.**  
**MAJORITY IS AGAINST IT**  
Prevailing Sentiment is That a Reference to The Hague Would Mean Another Six Months of Negotiation. Russia Said to Favor the Plan, but at Least One Continental Power is Strongly Opposed.

Washington, June 14.—The representatives of the European powers interested in China were at the state department, it being diplomatic day, and the general status of the negotiations at Peking were gone over very fully with Acting Secretary Hill. The chief interest centered in the pending American proposition that the indemnity, complication be referred to The Hague tribunal. None of the governments has yet definitely announced its position as to this plan, but the prevailing sentiment among the callers seemed to be that a reference to The Hague would entail more delay. One of them remarked that it would mean at least another six months of negotiation. If the Russian government concurs in the suggestion, as has been reported unofficially, it will materially add to the chances that this reference to The Hague will be made. On the other hand, at least one of the continental powers is thought to be quite strongly opposed to removing the negotiations from Peking.

**UNIVERSITY FOR CHINA.**

One Incorporated by the Methodist Episcopal Church South.

Nashville, Tenn., June 14.—The charter of the Central University of China was filed during the day with the county register. The charter is filed in pursuance of the action of the board of missions of the Methodist Episcopal Church South. Under the provisions of the charter the incorporators are to found, establish and perpetually maintain in the province of Kiang-Su, empire of China, a university, with associated schools and colleges, to be conducted under the auspices of the Methodist Episcopal Church South and in agreement with approved and recognized evangelical standards.

**Orders Von Kettler's Body Removed.**

Berlin, June 14.—Upon the joint request of the mother and widow of Baron von Kettler, Emperor William has caused a dispatch to be sent to the German minister in Peking directing that the body of his predecessor be disinterred and transported to Berlin for final interment later on the paternal estate. A Berlin sculptor has received an order for a suitable tombstone.

**Von Waldersee Meets the Mikado.**

Berlin, June 14.—Count von Waldersee, according to a dispatch from Tokio to The Lokal Anzeiger was received and entertained at luncheon Tuesday by Emperor Matsu Hito, unusual honors being paid him.

**KILLED AND EATEN.**

**Two Missionaries and Fourteen Natives Murdered by Cannibals.**

Victoria, B. C., June 14.—The Miowere from Australia brings the following account of cannibalism: From New Guinea news was received via Sydney of the massacre of Reverends James Chalmers and B. P. Tomkins and 14 native teachers by cannibals. The whites were eaten.

The scene of the cannibal orgy was seen by the troops sent out to investigate the massacre and a portion of a jaw and thigh bone of the missionaries were found, together with their hats and portions of trousers which belonged to Chalmers. The expedition punished the natives, destroyed their villages and canoes. Some prisoners taken during an attack made by the natives on the troops told the awful tale of the massacre and cannibalism.

**GOOD MARKET FOR COAL.**

**Believed It Can Be Profitably Exported to France.**

Washington, June 14.—Consul General Gowdy at Paris, in a communication to the department of state, expresses the opinion that American coal can be advantageously placed in competition with coal imported from other countries into France, especially in view of the recent imposition of the English export tax on that product. The main obstacle in this regard, he says, would be the high rates of ocean transportation. If these could be considerably reduced, Consul General Gowdy says, there is no doubt that American coal would have a great future in France.

**Stabbed the Policeman.**

Berlin, June 14.—A man named Ende, supposed to be an American, who is accused of robbing jewelers to the amount of 50,000 marks, was arrested on entering the place occupied by an alleged receiver of stolen goods. Ende stabbed the policeman who took him into custody.

**Has a Bad Record.**  
Guthrie, O. T., June 14.—At Coyle, 20 miles from here, Ben Cravens and a companion blew open the Santa Fe safe with dynamite, securing \$1,500, and escaped. The safe and part of the building was wrecked. Cravens two months ago near Pawnee killed two members of a posse chasing him. Last winter he escaped from the Kansas state penitentiary mine, holding the guard off with a toy pistol.

**Pilots' Association Cued.**  
San Francisco, June 14.—In the United States district court two suits for \$50,000 each have been filed against the Pilots' association of this port by relatives of two men who lost their lives in the wreck of the steamer Rio de Janeiro. The complainants are the widows and children of Thomas Brady and Joseph Smith, second assistant engineer and water tender, respectively, on the Rio.

**Gage Accepts New Mint.**  
Philadelphia, June 14.—Secretary of the Treasury Gage, acting for the United States government, has accepted the United States mint which has just been completed at a cost of more than \$2,000,000 and is said to be the finest and best equipped building of its kind in the world. The ceremonies attending the transfer, which took place in the evening room, were simple but interesting.

**Died in Terrible Agony.**  
Benton Harbor, Mich., June 14.—John E. Mitchell, a Milwaukee traveling man, died in terrible agony in the Pere Marquette depot here. His last words were: "They're after me." Death was caused by poison. Both suicide and murder theories are advanced. The latter is believed to be the more probable. He was an Australian and his parents reside in New Zealand.

**DISCHARGED SOLDIERS**  
**ARE HELD RESPONSIBLE FOR**  
**GOVERNMENT GOODS IN**  
**PAWNSHOPS.**

**OPINION OF ARMY OFFICERS**  
Confident No One in the Quartermaster's Department is Guilty of Selling Even a Shoe String—Local Detectives Say Certain People Will Have a Hard Time Explaining Away the Evidence Against Them.

San Francisco, June 14.—Captain A. W. Kimball, post quartermaster at the Presidio, made the following statement in regard to the alleged frauds in the sale of quartermaster's supplies belonging to the government: "I am the officer that is concerned in this matter, yet no one has made any inquiry of me. I am the only bonded officer at the post and the only one accountable and disbursing officer. If there has been anything irregular I would be pleased to give all the assistance in my power in the search for the guilty men, if there are any. All the government things sold in the pawnshops are sold by discharged soldiers from the returning volunteer regiments."

Colonel J. B. Rawles, artillery corps, post commander, said: "All this talk of fraud is perfect rot. People have been nagging for a year on the same subject. I have been aware of the soldiers selling their clothing for a long time. One of the puzzling and perplexing things in army management is to keep the soldiers from selling their clothing. I am confident that no quartermaster's sergeant or civilian employee is implicated in the selling of even a shoe string."

Detective Reynolds reported to the federal authorities during the day that he found 20 pair of government shoes in a Sacramento street store. Captain Seymour of the local detective force said:

"No one can say in view of all that has transpired within the past few days that the frauds are not going on. Detective Reynolds reports to me that the investigation has made a stir among the second-hand stores and those who deal in the class of goods stolen from the army, and that those who have not yet been visited by Colonel Maus are hurrying to cover what government goods they have. It seems this Abrams family has had a monopoly of this trade and the quantities which they were able to supply their customers makes it seem conclusive to my mind that there is some one or more having access to the quartermaster's department in collusion with them. They will have a hard time explaining away the evidence against them."

**A TEN PER CENT TAX.**  
Transvaal Mines Will Have to Help Pay Expenses of the War.

London, June 14.—Sir David Barbour, whom the chancellor of the exchequer, Sir Michael Hicks-Beach, sent to South Africa to investigate the sources of revenue of the Transvaal and Orange River Colony with a view of estimating how much they should contribute towards the cost of the war, reports in favor of a 10 per cent tax on the profits of the mines, yielding, on the basis of the profits of 1898, £450,000 yearly. After paying this Sir David Barbour considers the mines will be better off than before, as they will save £600,000 per year on dynamite, owing to the abolition of the monopoly in that commodity. The Orange River Colony will be unable for some years to meet the ordinary cost of administration and pay its share of the cost of the constabulary. "It cannot, therefore," says Sir David Barbour, "so far as can be foreseen at present, pay anything toward the cost of the war."

The Transvaal, he thinks, can, two years after the conclusion of peace, begin out of its ordinary revenue to pay part of the cost of the war. He is unable, now, to estimate how much. Sir David proposes, also, to apply all revenues derived from the sale of lands or mining rights to the war liquidation.

**MACHINISTS' PROTEST.**  
Claim Students in Kentucky State College Take Strikers' Places.  
Cincinnati, June 14.—The machinists' union of Covington, Ky., sent a letter to Governor Beckham in which they appeal for an investigation of the action of Professor J. P. Anderson of the Kentucky state college, who, they claim, is sending students from the mechanical department of that college to Cincinnati to take the places of the striking machinists. The officers of the union assert that 10 students are now at work in various shops without any pay whatever. The strikers expect Governor Beckham will investigate the matter and have the students recalled.

**Buying Up Electric Roads.**  
Cleveland, June 14.—Announcement is made of the purchase by the Everet-Moore syndicate of all the street railway lines of Toledo, and other negotiations in progress when completed will give the syndicate control of all electric railways between Detroit and Cleveland. Every electric railway in Northern Ohio and Southern Michigan will be merged, with the exception of Panhandle interests and the Erie Consolidated Street railway of Cleveland.

**TO START A REVOLUTION.**  
Dr. San Vet Sen, the Reformer, Leaves Honolulu for China.

Honolulu, June 7.—Dr. San Vet Sen, the Chinese reformer, left on the America Maru June 5 for China for the purpose of starting a revolution. His intention is to overthrow the dowager empress and the mandarins. His idea is to have China ruled by a president on lines after the government of America. He says that there will be a strong force at his back and he has the support of many prominent white men of China, as well as thousands of natives. This is the third revolution which he has attempted in China and he feels confident that this attempt will prove successful.

Dr. Sen would not state where he intended to land in China or give the details of his plans. There will be bloodshed very soon, he declared.

The news of the decision of the supreme court in the insular cases was received with general satisfaction in Hawaii. Although the ruling by the court is claimed by some to place this territory outside of the integral part of the United States, nevertheless, the rights of Hawaii are protected and guaranteed by the organic act which has been in effect since June 1 of last year. It is not thought that much money in the way of duties collected from the time of the treaty of annexation to the application of the organic act will have to be returned by the United States government. At that time the principal protest was made against paying duties on American goods, and these protests will, in the main, be sustained and the money refunded.

**Believed He Was Going Blind.**  
Hutchinson, Kan., June 14.—Because he believed he was going blind J. L. Tuttle, traveling freight agent of the Rock Island railroad for many years, traveling auditor of the Memphis road and widely known among railroad men, committed suicide in an undertaking establishment in this city by firing a bullet through his head. Tuttle recently consulted an oculist, who told him that he would lose his eyesight in the near future.

**TELEGRAPHIC BREVITIES.**

Governor Pingree is reported ill at London.

Heat and humidity caused seven deaths in Chicago Thursday.

William J. Bryan has been elected an alumni trustee of Illinois college.

Hon. A. S. Hardy, ex-premier of Ontario, is dead at Toronto as the result of an operation for appendicitis.

Word has been received from Ironwood, Mich., which states that the reports of a tornado in that town are incorrect.

Frank Evans of Sergeant Bluffs, Ia., after living 10 weeks with a broken neck, is dead. His neck was broken while playing ball.

Governor Sayers of Texas has ordered a special election in the Sixth (Dallas) congressional district to elect a successor to the late Congressman R. E. Burke.

Foxhall Keene has sent £2,260 to the Prince of Wales hospital, the amount being one-half of the Oaks purse, which he won with his filly Cap and Bells last Saturday.

**Sold on Easy Terms.**  
**MURPHY & SHERLUND,** Laurel Street.

**Has a Bad Record.**  
Guthrie, O. T., June 14.—At Coyle, 20 miles from here, Ben Cravens and a companion blew open the Santa Fe safe with dynamite, securing \$1,500, and escaped. The safe and part of the building was wrecked. Cravens two months ago near Pawnee killed two members of a posse chasing him. Last winter he escaped from the Kansas state penitentiary mine, holding the guard off with a toy pistol.

**Pilots' Association Cued.**  
San Francisco, June 14.—In the United States district court two suits for \$50,000 each have been filed against the Pilots' association of this port by relatives of two men who lost their lives in the wreck of the steamer Rio de Janeiro. The complainants are the widows and children of Thomas Brady and Joseph Smith, second assistant engineer and water tender, respectively, on the Rio.

**Gage Accepts New Mint.**  
Philadelphia, June 14.—Secretary of the Treasury Gage, acting for the United States government, has accepted the United States mint which has just been completed at a cost of more than \$2,000,000 and is said to be the finest and best equipped building of its kind in the world. The ceremonies attending the transfer, which took place in the morning room, were simple but interesting.

**Died in Terrible Agony.**  
Benton Harbor, Mich., June 14.—John E. Mitchell, a Milwaukee traveling man, died in terrible agony in the Pere Marquette depot here. His last words were: "They're after me." Death was caused by poison. Both suicide and murder theories are advanced. The latter is believed to be the more probable. He was an Australian and his parents reside in New Zealand.

**DISCHARGED SOLDIERS**  
ARE HELD RESPONSIBLE FOR  
GOVERNMENT GOODS IN  
PAWNSHOPS.  
OPINION OF ARMY OFFICERS

Confident No One in the Quartermaster's Department is Guilty of Selling Even a Shoe String—Local Detectives Say Certain People Will Have a Hard Time Explaining Away the Evidence Against Them.

San Francisco, June 14.—Captain A. W. Kimball, post quartermaster at the Presidio, made the following statement in regard to the alleged frauds in the sale of quartermaster's supplies belonging to the government:

"I am the officer that is concerned in this matter, yet no one has made any inquiry of me. I am the only bonded officer at the post and the only one accountable and disbursing officer. If there has been anything irregular I would be pleased to give all the assistance in my power in the search for the guilty men, if there are any. All the government things sold in the pawnshops are sold by discharged soldiers from the returning volunteer regiments."

Colonel J. B. Rawles, artillery corps, post commander, said:  
"All this talk of fraud is perfect rot. People have been nagging for a year on the same subject. I have been aware of the soldiers selling their clothing for a long time. One of the puzzling and perplexing things in army management is to keep the soldiers from selling their clothing. I am confident that no quartermaster's sergeant or civilian employee is implicated in the selling of even a shoe string."

Detective Reynolds reported to the federal authorities during the day that he found 20 pair of government shoes in a Sacramento street store. Captain Seymour of the local detective force said:

"No one can say in view of all that has transpired within the past few days that the frauds are not going on. Detective Reynolds reports to me that the investigation has made a stir among the second-hand stores and those who deal in the class of goods stolen from the army, and that those who have not yet been visited by Colonel Maus are hurrying to cover what government goods they have. It seems this Abrams family has had a monopoly of this trade and the quantities which they were able to supply their customers makes it seem conclusive to my mind that there is some one or more having access to the quartermaster's department in collusion with them. They will have a hard time explaining away the evidence against them."

#### A TEN PER CENT TAX.

Transvaal Mines Will Have to Help Pay Expenses of the War.

London, June 14.—Sir David Barbour, whom the chancellor of the exchequer, Sir Michael Hicks-Beach, sent to South Africa to investigate the sources of revenue of the Transvaal and Orange River Colony with a view of estimating how much they should contribute towards the cost of the war, reports in favor of a 10 per cent tax on the profits of the mines, yielding, on the basis of the profits of 1898, £450,000 yearly. After paying this Sir David Barbour considers the mines will be better off than before, as they will save £600,000 per year on dynamite, owing to the abolition of the monopoly in that commodity. The Orange River Colony will be unable for some years to meet the ordinary cost of administration and pay its share of the cost of the constabulary. "It cannot, therefore," says Sir David Barbour, "so far as can be foreseen at present, pay anything toward the cost of the war."

The Transvaal, he thinks, can, two years after the conclusion of peace, begin out of its ordinary revenue to pay part of the cost of the war. He is unable, now, to estimate how much. Sir David proposes, also, to apply all revenues derived from the sale of lands or mining rights to the war liquidation.

#### MACHINISTS' PROTEST.

Claim Students in Kentucky State College Take Strikers' Places.

Cincinnati, June 14.—The machinists' union of Covington, Ky., sent a letter to Governor Beckham in which they appeal for an investigation of the action of Professor J. P. Anderson of the Kentucky state college, who, they claim, is sending students from the mechanical department of that college to Cincinnati to take the places of the striking machinists. The officers of the union assert that 10 students are now at work in various shops without any pay whatever. The strikers expect Governor Beckham will investigate the matter and have the students recalled.

#### Buying Up Electric Roads.

Cleveland, June 14.—Announcement is made of the purchase by the Everett-Moore syndicate of all the street railway lines of Toledo, and other negotiations in progress when completed will give the syndicate control of all electric railways between Detroit and Cleveland. Every electric railway in Northern Ohio and Southern Michigan will be merged, with the exception of Panzer's interests and the Little Consolidated Street railway of Cleveland.

**TO START A REVOLUTION.**  
Dr. San Vet Sen, the Reformer, Leaves Honolulu for China.

Honolulu, June 7.—Dr. San Vet Sen, the Chinese reformer, left on the America Maru June 5 for China for the purpose of starting a revolution. His intention is to overthrow the dowager empress and the mandarins. His idea is to have China ruled by a president on lines after the government of America. He says that there will be a strong force at his back and he has the support of many prominent white men of China, as well as thousands of natives. This is the third revolution which he has attempted in China and he feels confident that this attempt will prove successful.

Dr. Sen would not state where he intended to land in China or give the details of his plans. There will be bloodshed very soon, he declared.

The news of the decision of the supreme court in the insular cases was received with general satisfaction in Hawaii. Although the ruling by the court is claimed by some to place this territory outside of the integral part of the United States, nevertheless, the rights of Hawaii are protected and guaranteed by the organic act which has been in effect since June 1 of last year. It is not thought that much money in the way of duties collected from the time of the treaty of annexation to the application of the organic act will have to be returned by the United States government. At that time the principal protest was made against paying duties on American goods, and these protests will, in the main, be sustained and the money refunded.

**Believed He Was Going Blind.**  
Hutchinson, Kan., June 14.—Because he believed he was going blind J. A. Tuttle, traveling freight agent of the Rock Island railroad for many years, traveling auditor of the Memphis road and widely known among railroad men, committed suicide in an undertaking establishment in this city by firing a bullet through his head. Tuttle recently consulted an oculist, who told him that he would lose his eyesight in the near future.

#### TELEGRAPHIC BREVITIES.

Governor Pingree is reported ill at London.

Heat and humidity caused seven deaths in Chicago Thursday.

William J. Bryan has been elected an alumni trustee of Illinois college.

Hon. A. S. Hardy, ex-premier of Ontario, is dead at Toronto as the result of an operation for appendicitis.

Word has been received from Ironwood, Mich., which states that the reports of a tornado in that town are incorrect.

Frank Evans of Sergeant Bluffs, Ia., after living 10 weeks with a broken neck, is dead. His neck was broken while playing ball.

Governor Sayers of Texas has ordered a special election in the Sixth (Dallas) congressional district to elect a successor to the late Congressman R. E. Burke.

Foxhall Keene has sent £2,260 to the Prince of Wales hospital, the amount being one-half of the Oaks purse, which he won with his filly Cap and Bells last Saturday.

**WOULD ENTAIL DELAY**  
FOREIGN REPRESENTATIVES AT  
WASHINGTON DISCUSS  
ARBITRATION.  
MAJORITY IS AGAINST IT

Prevailing Sentiment Is That a Reference to The Hague Would Mean Another Six Months of Negotiation. Russia Said to Favor the Plan, but at Least One Continental Power Is Strongly Opposed.

Washington, June 14.—The representatives of the European powers interested in China were at the state department, it being diplomatic day, and the general status of the negotiations at Peking were gone over very fully with Acting Secretary Hill. The chief interest centered in the pending American proposition that the indemnity, compensation be referred to The Hague tribunal. None of the governments has yet definitely announced its position as to this plan, but the prevailing sentiment among the callers seemed to be that a reference to The Hague would entail more delay. One of them remarked that it would mean at least another six months of negotiation. If the Russian government concurs in the suggestion, as has been reported unofficially, it will materially add to the chances that this reference to The Hague will be made. On the other hand, at least one of the continental powers is thought to be quite strongly opposed to removing the negotiations from Peking.

#### UNIVERSITY FOR CHINA.

One Incorporated by the Methodist Episcopal Church South.

Nashville, Tenn., June 14.—The charter of the Central University of China was filed during the day with the county register. The charter is filed in pursuance of the action of the board of missions of the Methodist Episcopal Church South. Under the provisions of the charter the incorporators are to found, establish and perpetually maintain in the province of Kiang-Su, empire of China, a university, with associated schools and colleges, to be conducted under the auspices of the Methodist Episcopal Church South and in agreement with approved and recognized evangelical standards.

#### Orders Von Kettler's Body Removed.

Berlin, June 14.—Upon the joint request of the mother and widow of Baron von Kettler, Emperor William has caused a dispatch to be sent to the German minister in Peking directing that the body of his predecessor be disinterred and transported to Berlin for final interment later on the paternal estate. A Berlin sculptor has received an order for a suitable tombstone.

#### Von Waldersee Meets the Mikado.

Berlin, June 14.—Count von Waldersee, according to a dispatch from Tokio to The Lokal Anzeiger was received and entertained at luncheon Tuesday by Emperor Matsu Hito, unusual honors being paid him.

#### KILLED AND EATEN.

Two Missionaries and Fourteen Natives Murdered by Cannibals.

Victoria, B. C., June 14.—The Miwore from Australia brings the following account of cannibalism: From New Guinea news was received via Sydney of the massacre of Reverends James Chalmers and B. F. Tomkins and 14 native teachers by cannibals. The whites were eaten. The scene of the cannibal orgy was seen by the troops sent out to investigate the massacre and a portion of a jaw and thigh bone of the missionaries were found, together with their hats and portions of trousers which belonged to Chalmers. The expedition punished the natives, destroyed their villages and canoes. Some prisoners taken during an attack made by the natives on the troops told the awful tale of the massacre and cannibalism.

#### GOOD MARKET FOR COAL.

Believed It Can Be Profitably Exported to France.

Washington, June 14.—Consul General Gowdy at Paris, in a communication to the department of state, expresses the opinion that American coal can be advantageously placed in competition with coal imported from other countries into France, especially in view of the recent imposition of the English export tax on that product. The main obstacle in this regard, he says, would be the high rates of ocean transportation. If these could be considerably reduced, Consul General Gowdy says, there is no doubt that American coal would have a great future in France.

#### Stabbed the Policeman.

Berlin, June 14.—A man named Ende, supposed to be an American, who is accused of robbing jewelers to the amount of 50,000 marks, was arrested on entering the place occupied by an alleged receiver of stolen goods. Ende stabbed the policeman who took him into custody.

#### Received by Loubet.

Paris, June 14.—President Loubet during the day received David B. Henderson, speaker of the United States house of representatives, and Representative Gillett of Massachusetts.
